

Human DDO (D-Aspartate Oxidase) ELISA Kit | DDO elisa kit

Human DDO (D-Aspartate Oxidase) ELISA Kit

CATALOG #
AAA272462

REACTIVITY
Human

PRODUCT SYNONYMS

DDO (D-Aspartate Oxidase); Human DDO (D-Aspartate Oxidase) ELISA Kit; DASOX; DDO-1; DDO-2; DDO elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Human
Specificity	This assay has high sensitivity and excellent specificity for detection of Human DDO. No significant cross-reactivity or interference between Human DDO and analogues was observed.
Assay Type	Sandwich
Detection Range	0.16-10 ng/mL
Sensitivity	0.059 ng/mL
Intra-assay Precision	Intra-assay Precision (Precision within an assay)? CV%<8%. Three samples of known concentration were tested twenty times on one plate to assess intra-assay precision.
Inter-assay Precision	Inter-assay Precision (Precision between assays)? CV%<10%. Three samples of known concentration were tested in forty separate assays to assess inter-assay precision.
Preparation and Storage	Store at 2-8 degree C. Stable for 6 months from date of receipt.

ADDITIONAL INFORMATION

Related Product Information for DDO elisa kit

Principle of the Assay: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to D-Aspartate Oxidase(DDO). Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to D-Aspartate Oxidase(DDO). Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain D-Aspartate Oxidase(DDO), biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm ± 10nm. The concentration of D-Aspartate Oxidase(DDO) in the samples is then determined by comparing the OD of the samples to the standard curve.
