

Pig IP3 (Inositol Triphosphate) ELISA Kit | IP3 elisa kit

Pig IP3 (Inositol Triphosphate) ELISA Kit

CATALOG #
AAA276430

REACTIVITY
Pig

PRODUCT SYNONYMS

IP3 (Inositol Triphosphate); Pig IP3 (Inositol Triphosphate) ELISA Kit; InsP3; Inositol 1; 4; 5-Trisphosphate; Triphosphoinositol; IP3 elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Pig
Specificity	This assay has high sensitivity and excellent specificity for detection of Pig IP3. No significant cross-reactivity or interference between Pig IP3 and analogues was observed.
Assay Type	Competitive
Detection Range	156.25-10000 pg/mL
Sensitivity	49.7 pg/mL
Intra-assay Precision	Intra-assay Precision (Precision within an assay)? CV%<8%. Three samples of known concentration were tested twenty times on one plate to assess intra-assay precision.
Inter-assay Precision	Inter-assay Precision (Precision between assays)? CV%<10%. Three samples of known concentration were tested in forty separate assays to assess inter-assay precision.
Preparation and Storage	Store at 2-8 degree C. Stable for 6 months from date of receipt.

ADDITIONAL INFORMATION

Related Product Information for IP3 elisa kit

Principle of the Assay: This assay employs the competitive inhibition enzyme immunoassay technique. The microtiter plate provided in this kit has been pre-coated with Inositol Triphosphate(IP3) protein. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Inositol Triphosphate(IP3). Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm ± 10nm. The concentration of Inositol Triphosphate(IP3) in the samples is then determined by comparing the OD of the samples to the standard curve.

Product Categories/Family for IP3 elisa kit

Signal transduction; Metabolic pathway; Endocrinology; Cardiovascular biology; Neuro science; Hormone metabolism; Bone metabolism

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
