

Human C1qL1 (Complement Component 1, Q Subcomponent Like Protein 1) ELISA Kit | C1qL1 elisa kit

Human C1qL1 (Complement Component 1, Q Subcomponent Like Protein 1) ELISA Kit

CATALOG # AAA278391	REACTIVITY Human
-------------------------------	----------------------------

PRODUCT SYNONYMS

C1qL1 (Complement Component 1; Q Subcomponent Like Protein 1); Human C1qL1 (Complement Component 1; Q Subcomponent Like Protein 1) ELISA Kit; CRF; C1QRF; CTRP14; C1q-related factor; C1q and tumor necrosis factor-related protein 14; C1qL1 elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Human
Assay Type	Sandwich
Samples	Serum, plasma and other biological fluids.
Detection Range	3.13-200ng/mL
Sensitivity	1.29ng/mL

IMAGES

Standard Curve (Sample)

ADDITIONAL INFORMATION

Related Product Information for C1qL1 elisa kit	Test Principle: The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Human C1qL1. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Human C1qL1. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Human C1qL1, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm +/- 10nm. The concentration of Human C1qL1 in the samples is then determined by comparing the OD of the samples to the standard curve.
Product Categories/Family for C1qL1 elisa kit	Immune molecule

NCBI AND UNIPROT INFORMATION

UniProt Accession #	C1qL1
---------------------	-------

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
