

## Rabbit CLIP1 Polyclonal Antibody | anti-CLIP1 antibody

CLIP1 Polyclonal Antibody

|                               |                       |                                        |                                                           |
|-------------------------------|-----------------------|----------------------------------------|-----------------------------------------------------------|
| CATALOG #<br><b>AAA280534</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>Immunohistochemistry, Western Blot</b> |
|-------------------------------|-----------------------|----------------------------------------|-----------------------------------------------------------|

### PRODUCT SYNONYMS

CLIP1; Polyclonal Antibody; CLIP1 Polyclonal Antibody; anti-CLIP1 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                                 |
|-------------------------------------------------|-----------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                          |
| Reactivity                                      | Human, Mouse, Rat                                                                                               |
| Clonality                                       | Polyclonal                                                                                                      |
| Isotype                                         | IgG                                                                                                             |
| Purity/Purification                             | Affinity Purification                                                                                           |
| Sequence Length                                 | 1,392                                                                                                           |
| Applicable Applications for anti-CLIP1 antibody | IHC (Immunohistochemistry), WB (Western Blot)                                                                   |
| Immunogen                                       | Recombinant Protein                                                                                             |
| Immunogen                                       | Recombinant protein of human CLIP1                                                                              |
| Preparation and Storage                         | Store at -20 degree C. Avoid freeze / thaw cycles.<br>Buffer: PBS with 0.02% sodium azide, 50% glycerol, pH7.3. |

### IMAGES

**IHC (Immunohistochemistry)**

Immunohistochemistry of paraffin-embedded human stomach using CLIP1 antibody at dilution of 1:100 (40x lens).

**IHC (Immunohistochemistry)**

Immunohistochemistry of paraffin-embedded rat heart using CLIP1 antibody at dilution of 1:100 (40x lens).

#### IHC (Immunohistochemistry)

Immunohistochemistry of paraffin-embedded mouse lung using CLIP1 antibody at dilution of 1:100 (40x lens).

#### WB (Western Blot)

Western blot analysis of extracts of various cell lines, using CLIP1 antibody at 1:1000 dilution. Secondary antibody: HRP Goat Anti-Rabbit IgG (H+L) at 1:10000 dilution. Lysates/proteins: 25ug per lane. Blocking buffer: 3% nonfat dry milk in TBST. Detection: ECL Basic Kit. Exposure time: 90s.

## ADDITIONAL INFORMATION

#### Related Product Information for anti-CLIP1 antibody

The protein encoded by this gene links endocytic vesicles to microtubules. This gene is highly expressed in Reed-Sternberg cells of Hodgkin disease. Several transcript variants encoding different isoforms have been found for this gene.
