

## Rabbit anti-Human RIG Polyclonal Antibody | anti-RIG antibody

RIG Antibody (C-Term)

|                               |                       |                            |                                     |
|-------------------------------|-----------------------|----------------------------|-------------------------------------|
| CATALOG #<br><b>AAA290630</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>Western Blot</b> |
|-------------------------------|-----------------------|----------------------------|-------------------------------------|

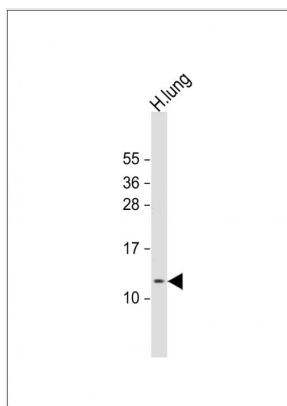

### PRODUCT SYNONYMS

RIG; Polyclonal Antibody; RIG Antibody (C-Term); Purified Rabbit Polyclonal Antibody (Pab); Putative protein RIG; Protein regulated in glioma; anti-RIG antibody

### PRODUCT SPECIFICATIONS

|                                               |                                                                                                                                                        |
|-----------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                          | Rabbit                                                                                                                                                 |
| Reactivity                                    | Human                                                                                                                                                  |
| Clonality                                     | Polyclonal                                                                                                                                             |
| Sequence Length                               | 110                                                                                                                                                    |
| Applicable Applications for anti-RIG antibody | WB (Western Blot)                                                                                                                                      |
| Antigen Type                                  | Synthesized Peptide                                                                                                                                    |
| Preparation and Storage                       | Maintain refrigerated at 2-8 degree C for up to 6 months. For long term storage store at -20 degree C in small aliquots to prevent freeze-thaw cycles. |

### IMAGES

#### WB (Western Blot)

Anti-RIG Antibody (C-Term) at 1:1000 dilution + human lung lysate. Lysates/proteins at 20 ug per lane. Secondary Goat Anti-Rabbit IgG, (H+L), Peroxidase conjugated at 1/10000 dilution. Predicted band size : 12 kDa. Blocking/Dilution buffer: 5% NFDm/TBST.

### ADDITIONAL INFORMATION

|                                                   |                                                                                                   |
