

## Rabbit GATA-2/3 Polyclonal Antibody | anti-GATA-2/3 antibody

GATA-2/3 (Acetyl-Lys336/304) Polyclonal Antibody

|                               |                       |                                        |                                     |
|-------------------------------|-----------------------|----------------------------------------|-------------------------------------|
| CATALOG #<br><b>AAA293503</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>Western Blot</b> |
|-------------------------------|-----------------------|----------------------------------------|-------------------------------------|

### PRODUCT SYNONYMS

GATA-2/3; Polyclonal Antibody; GATA-2/3 (Acetyl-Lys336/304) Polyclonal Antibody; GATA2; anti-GATA-2/3 antibody

### PRODUCT SPECIFICATIONS

|                                                    |                                                                                                                                                       |
|----------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                               | Rabbit                                                                                                                                                |
| Reactivity                                         | Human, Mouse, Rat                                                                                                                                     |
| Clonality                                          | Polyclonal                                                                                                                                            |
| Applicable Applications for anti-GATA-2/3 antibody | WB (Western Blot)                                                                                                                                     |
| Preparation and Storage                            | Maintain refrigerated at 2-8 degree C for up to 2 weeks. For long term storage store at -20 degree C in small aliquots to prevent freeze-thaw cycles. |
