

# Rabbit anti-Rat Na<sup>+</sup>/K<sup>+</sup>-ATPase alpha1 Polyclonal Antibody | anti-Na<sup>+</sup>/K<sup>+</sup>-ATPasealpha1 antibody

Na<sup>+</sup>/K<sup>+</sup>-ATPase alpha1 (phospho Ser23) Polyclonal Antibody

| CATALOG # | HOST   | REACTIVITY | APPLICATIONS                     |
|-----------|--------|------------|----------------------------------|
| AAA294009 | Rabbit | Rat        | Immunofluorescence, Western Blot |

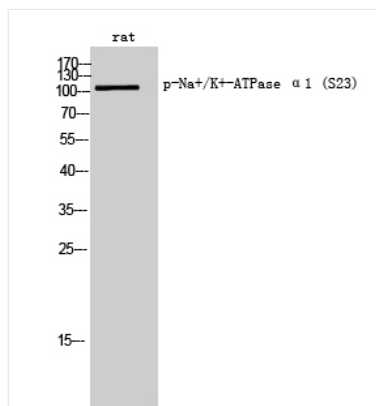

## PRODUCT SYNONYMS

Na<sup>+</sup>/K<sup>+</sup>-ATPase alpha1; Polyclonal Antibody; Na<sup>+</sup>/K<sup>+</sup>-ATPase alpha1 (phospho Ser23) Polyclonal Antibody; ATP1A1; Sodium/potassium-transporting ATPase subunit alpha-1; Na (+)/K (+) ATPase alpha-1 subunit; Sodium pump subunit alpha-1; anti-Na<sup>+</sup>/K<sup>+</sup>-ATPasealpha1 antibody

## PRODUCT SPECIFICATIONS

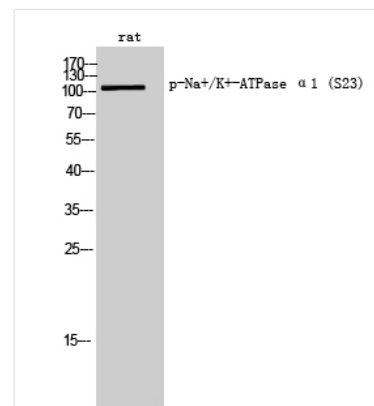

|                                                                                         |                                                                                                                                                       |
|-----------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                                                                    | Rabbit                                                                                                                                                |
| Reactivity                                                                              | Rat                                                                                                                                                   |
| Clonality                                                                               | Polyclonal                                                                                                                                            |
| Applicable Applications for anti-Na <sup>+</sup> /K <sup>+</sup> -ATPasealpha1 antibody | IF (Immunofluorescence), WB (Western Blot)                                                                                                            |
| Preparation and Storage                                                                 | Maintain refrigerated at 2-8 degree C for up to 2 weeks. For long term storage store at -20 degree C in small aliquots to prevent freeze-thaw cycles. |

## IMAGES

WB (Western Blot)

Dilution: Western Blot: 1/500 - 1/2000. IF: 1/100 - 1/300. ELISA: 1/5000. Not yet tested in other applications.

WB (Western Blot)

Dilution: Western Blot: 1/500 - 1/2000. IF: 1/100 - 1/300. ELISA: 1/5000. Not yet tested in other applications.

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
