

## Rabbit anti-Human MNDA Polyclonal Antibody | anti-MNDA antibody

MNDA Polyclonal Antibody

|                               |                       |                            |                                                           |
|-------------------------------|-----------------------|----------------------------|-----------------------------------------------------------|
| CATALOG #<br><b>AAA295247</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>Immunohistochemistry, Western Blot</b> |
|-------------------------------|-----------------------|----------------------------|-----------------------------------------------------------|

### PRODUCT SYNONYMS

MNDA; Polyclonal Antibody; MNDA Polyclonal Antibody; Myeloid cell nuclear differentiation antigen; anti-MNDA antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                                                                                       |
|------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                                                                                |
| Reactivity                                     | Human                                                                                                                                                 |
| Clonality                                      | Polyclonal                                                                                                                                            |
| Applicable Applications for anti-MNDA antibody | IHC (Immunohistochemistry), WB (Western Blot)                                                                                                         |
| Preparation and Storage                        | Maintain refrigerated at 2-8 degree C for up to 2 weeks. For long term storage store at -20 degree C in small aliquots to prevent freeze-thaw cycles. |

### IMAGES

IHC (Immunohistochemistry)

Dilution: Western Blot: 1/500 - 1/2000. Immunohistochemistry: 1/100 - 1/300. ELISA: 1/40000.

Not yet tested in other applications.

WB (Western Blot)

Dilution: Western Blot: 1/500 - 1/2000. Immunohistochemistry: 1/100 - 1/300. ELISA: 1/40000.

Not yet tested in other applications.

### ADDITIONAL INFORMATION

|                                                    |                                                                                                                                                                                                                                  |
|----------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Related Product Information for anti-MNDA antibody | May act as a transcriptional activator/repressor in the myeloid lineage. Plays a role in the granulocyte/monocyte cell-specific response to interferon. Stimulates the DNA binding of the transcriptional repressor protein YY1. |
|----------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### NCBI AND UNIPROT INFORMATION

|                  |             |
|------------------|-------------|
| NCBI GI #        | 4505227     |
| NCBI GeneID      | 4332        |
| NCBI Accession # | NP_002423.1 |

|                                  |                                              |
|----------------------------------|----------------------------------------------|
| NCBI GenBank Nucleotide #        | NM_002432.1                                  |
| UniProt Accession #              | P41218                                       |
| Molecular Weight                 | 45,836 Da                                    |
| NCBI Official Full Name          | myeloid cell nuclear differentiation antigen |
| NCBI Official Synonym Full Names | myeloid cell nuclear differentiation antigen |
| NCBI Official Symbol             | MNDA                                         |
| NCBI Official Synonym Symbols    | PYHIN3                                       |
| NCBI Protein Information         | myeloid cell nuclear differentiation antigen |
| UniProt Protein Name             | Myeloid cell nuclear differentiation antigen |
| UniProt Gene Name                | <b>MNDA</b>                                  |
| UniProt Entry Name               | MNDA_HUMAN                                   |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
