

## Rabbit HGFA Polyclonal Antibody | anti-HGFA antibody

HGFA Polyclonal Antibody

|                               |                       |                                        |                                     |
|-------------------------------|-----------------------|----------------------------------------|-------------------------------------|
| CATALOG #<br><b>AAA296080</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>Western Blot</b> |
|-------------------------------|-----------------------|----------------------------------------|-------------------------------------|

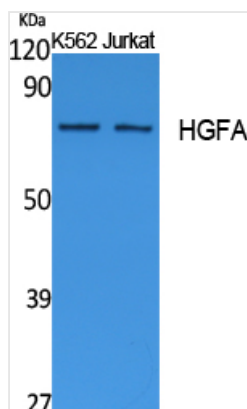

### PRODUCT SYNONYMS

HGFA; Polyclonal Antibody; HGFA Polyclonal Antibody; HGFAC; Hepatocyte growth factor activator; HGF activator; anti-HGFA antibody

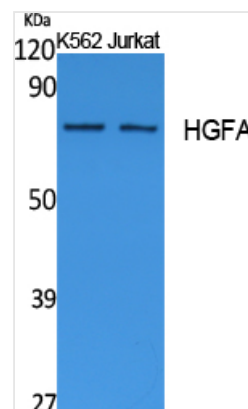

### PRODUCT SPECIFICATIONS

|                                                |                                                                                                                                                       |
|------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                                                                                |
| Reactivity                                     | Human, Mouse, Rat                                                                                                                                     |
| Clonality                                      | Polyclonal                                                                                                                                            |
| Applicable Applications for anti-HGFA antibody | WB (Western Blot)                                                                                                                                     |
| Preparation and Storage                        | Maintain refrigerated at 2-8 degree C for up to 2 weeks. For long term storage store at -20 degree C in small aliquots to prevent freeze-thaw cycles. |

### IMAGES

**WB (Western Blot)**

Dilution: Western Blot: 1/500 - 1/2000. ELISA: 1/40000. Not yet tested in other applications.

**WB (Western Blot)**

Dilution: Western Blot: 1/500 - 1/2000. ELISA: 1/40000. Not yet tested in other applications.

### ADDITIONAL INFORMATION

|                                                    |                                                                                                        |
|----------------------------------------------------|--------------------------------------------------------------------------------------------------------|
| Related Product Information for anti-HGFA antibody | Activates hepatocyte growth factor (HGF) by converting it from a single chain to a heterodimeric form. |
|----------------------------------------------------|--------------------------------------------------------------------------------------------------------|

### NCBI AND UNIPROT INFORMATION

|                           |                |
|---------------------------|----------------|
| NCBI GI #                 | 661903023      |
| NCBI GeneID               | 3083           |
| NCBI Accession #          | NP_001284368.1 |
| NCBI GenBank Nucleotide # | NM_001297439.1 |

|                                  |                                                            |
