### PRODUCT SYNONYMS

Pan myristoylation; Polyclonal Antibody; Pan myristoylation Polyclonal Antibody; anti-Pan antibody

### PRODUCT SPECIFICATIONS

|                                               |                                                                                                                                                       |
|-----------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                          | Rabbit                                                                                                                                                |
| Reactivity                                    | All Species                                                                                                                                           |
| Clonality                                     | Polyclonal                                                                                                                                            |
| Applicable Applications for anti-Pan antibody | WB (Western Blot)                                                                                                                                     |
| Preparation and Storage                       | Maintain refrigerated at 2-8 degree C for up to 2 weeks. For long term storage store at -20 degree C in small aliquots to prevent freeze-thaw cycles. |
