

## Abm recombinant antibody

Anti-Abm Reference Antibody (IgG4+Kappa Isotype Control)

| CATALOG # | HOST     | REACTIVITY | APPLICATIONS                            |
|-----------|----------|------------|-----------------------------------------|
| AAA297421 | CHO Cell | Chicken    | ELISA, Flow Cytometry, Functional Assay |

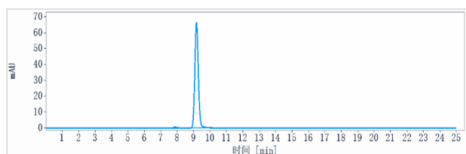

### PRODUCT SYNONYMS

Abm; Monoclonal Recombinant Antibody; Anti-Abm Reference Antibody (IgG4+Kappa Isotype Control); Abm recombinant antibody

### PRODUCT SPECIFICATIONS

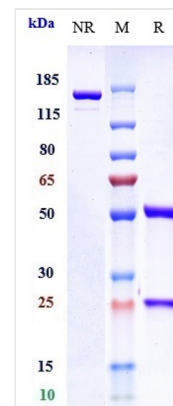

|                                                      |                                                                                                                                                  |
|------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                                 | CHO Cell                                                                                                                                         |
| Reactivity                                           | Chicken                                                                                                                                          |
| Clonality                                            | Monoclonal                                                                                                                                       |
| Isotype                                              | IgG4                                                                                                                                             |
| Specificity                                          | Abm                                                                                                                                              |
| Purity/Purification                                  | This antibody is purified through a protein A column.                                                                                            |
| Form/Format                                          | Purified monoclonal antibody supplied in PBS, pH6.0, without preservative.                                                                       |
| Concentration                                        | 1mg/ml (varies by lot)                                                                                                                           |
| Applicable Applications for Abm recombinant antibody | ELISA, FCM/FACS (Flow Cytometry)                                                                                                                 |
| Endotoxin                                            | < 0.001EU/ug, determined by LAL method.                                                                                                          |
| Conjugation                                          | Unconjugated                                                                                                                                     |
| Dry Ice Note                                         | The product may be shipped with dry ice, and an additional fee may be added to your shipping cost.                                               |
| Preparation and Storage                              | Store at -80 degree C for 2 years under sterile conditions; -20 degree C for 1 year under sterile conditions; Avoid repeated freeze-thaw cycles. |

### IMAGES

#### Application Data

The purity of Anti-Abm Reference Antibody ( IgG4+Kappa Isotype Control) is more than 95% ,determined by SEC-HPLC.

#### SDS-PAGE

Anti-Abm Reference Antibody ( IgG4+Kappa Isotype Control) on SDS-PAGE under reducing (R) condition. The gel was stained with Coomassie Blue. The purity of the protein is greater than 90%

ADDITIONAL INFORMATION

|                                                        |                    |
|--------------------------------------------------------|--------------------|

|--------------------------------------------------------|--------------------|

NCBI AND UNIPROT INFORMATION

|                     |                       |
|---------------------|-----------------------|
| UniProt Accession # | NA                    |
| Molecular Weight    | Calculated MW:150 kDa |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
