

Pig Myoglobin ELISA Kit | MB elisa kit

Pig Myoglobin ELISA Kit

CATALOG #
AAA29745

REACTIVITY
Pig

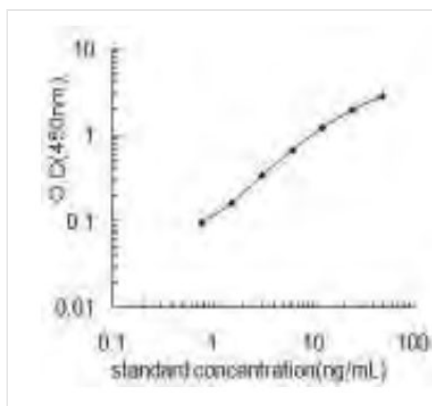

PRODUCT SYNONYMS

Myoglobin; Pig Myoglobin ELISA Kit; MB; MB elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Pig
Specificity	This assay recognizes recombinant and natural General target antigen. No significant cross-reactivity or interference was observed.
Samples	Serum, plasma, tissue homogenates, cell culture supernates, and other biological fluids
Detection Range	0.78-50 ng/mL
Sensitivity	< 0.14 ng/mL
Intra-assay Precision	<=6.6%
Inter-assay Precision	<=10.1%
Preparation and Storage	Store at 4 degree C

ADDITIONAL INFORMATION

Related Product Information for MB elisa kit	Principle of the Assay: The microtiter plate provided in this kit has been pre-coated with an antibody specific to target antigen. Standards or samples are then added to the appropriate microtiter plate wells with a biotin-conjugated antigen preparation specific for target antibody and then avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. Then a TMB substrate solution is added to each well. Only those wells that contain target antibody biotin- conjugated antigen and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of a sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450 nm± 2 nm. The concentration of target antibody in the samples is then determined by comparing the O.D. of the samples to the standard curve. Intended Uses: This immunoassay kit allows for the in vitro quantitative determination of general target antigen concentrations in serum, plasma, tissue homogenates, cell culture supernates, and other biological fluids.

NCBI AND UNIPROT INFORMATION

NCBI GI #	47523546
NCBI GeneID	397467
NCBI Accession #	NP_999401.1
NCBI GenBank Nucleotide #	NM_214236.1
UniProt Accession #	P02189
Molecular Weight	17,085 Da
NCBI Official Full Name	myoglobin
NCBI Official Symbol	MB
NCBI Protein Information	myoglobin
UniProt Protein Name	Myoglobin
UniProt Gene Name	MB

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
