| Clonality                                     | Polyclonal                                                                                                                                                                                                                                                                                 |
| Purity/Purification                           | Affinity purified                                                                                                                                                                                                                                                                          |
| Form/Format                                   | PBS, pH 7.4 with 0.02% Sodium Azide                                                                                                                                                                                                                                                        |
| Concentration                                 | 1.0 mg/ml (varies by lot)                                                                                                                                                                                                                                                                  |
| Sequence Length                               | 98                                                                                                                                                                                                                                                                                         |
| Applicable Applications for anti-SP1 antibody | IHC (Immunohistochemistry), WB (Western Blot)                                                                                                                                                                                                                                              |
| Immunogen Type                                | Peptide-KLH                                                                                                                                                                                                                                                                                |
| Immunogen Description                         | Peptide                                                                                                                                                                                                                                                                                    |
| Target Name                                   | Transcription factor Sp1                                                                                                                                                                                                                                                                   |
| Preparation and Storage                       | This product is stable for several weeks at 4 degree C as an undiluted liquid. Dilute only prior to immediate use. For extended storage, aliquot contents and freeze at -20 degree C or below. Avoid cycles of freezing and thawing. Expiration date is one (1) year from date of receipt. |
