

## Rabbit anti-Human ACRBP Polyclonal Antibody | anti-ACRBP antibody

ACRBP Antibody

| CATALOG # | HOST   | REACTIVITY | APPLICATIONS                              |
|-----------|--------|------------|-------------------------------------------|
| AAA303797 | Rabbit | Human      | Immunohistochemistry, Western Blot, ELISA |

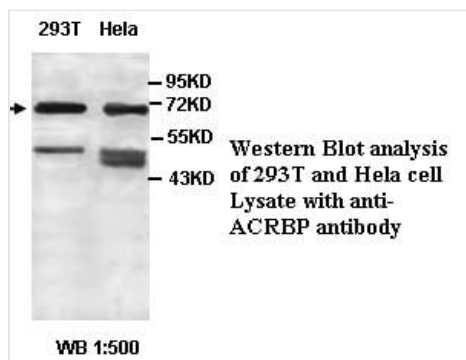

### PRODUCT SYNONYMS

ACRBP; Polyclonal Antibody; ACRBP Antibody; anti-ACRBP antibody

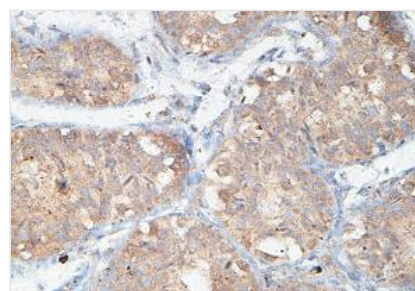

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                                                                                                                                                                                                            |
|-------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                                                                                                                                                                                                     |
| Reactivity                                      | Human                                                                                                                                                                                                                                                                                      |
| Clonality                                       | Polyclonal                                                                                                                                                                                                                                                                                 |
| Specificity                                     | Human                                                                                                                                                                                                                                                                                      |
| Purity/Purification                             | Affinity purified                                                                                                                                                                                                                                                                          |
| Form/Format                                     | PBS, pH 7.4 with 0.02% Sodium Azide                                                                                                                                                                                                                                                        |
| Concentration                                   | 1.0 mg/ml (varies by lot)                                                                                                                                                                                                                                                                  |
| Sequence Length                                 | 543                                                                                                                                                                                                                                                                                        |
| Applicable Applications for anti-ACRBP antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                                                                                                                                                                                                                       |
| Target Name                                     | ACRBP                                                                                                                                                                                                                                                                                      |
| Preparation and Storage                         | This product is stable for several weeks at 4 degree C as an undiluted liquid. Dilute only prior to immediate use. For extended storage, aliquot contents and freeze at -20 degree C or below. Avoid cycles of freezing and thawing. Expiration date is one (1) year from date of receipt. |

### IMAGES

Application Data

**Immunohistochemical staining of formalin-fixed paraffin-embedded fetal testis staining with anti-ACRBP antibody at a dilution of 1/100.**

Application Data
