

# Rabbit anti-Human hypothetical protein LOC283129 Polyclonal Antibody | anti-C11orf85 antibody

hypothetical protein LOC283129 antibody

|                               |                       |                            |                                                         |
|-------------------------------|-----------------------|----------------------------|---------------------------------------------------------|
| CATALOG #<br><b>AAA307797</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>Immunofluorescence, Western Blot</b> |
|-------------------------------|-----------------------|----------------------------|---------------------------------------------------------|

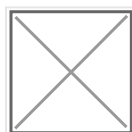

## PRODUCT SYNONYMS

hypothetical protein LOC283129; Polyclonal Antibody; hypothetical protein LOC283129 antibody; anti-C11orf85 antibody

## PRODUCT SPECIFICATIONS

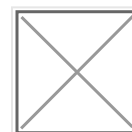

|                                                    |                                                                                                                          |
|----------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Host                                               | Rabbit                                                                                                                   |
| Reactivity                                         | Human                                                                                                                    |
| Clonality                                          | Polyclonal                                                                                                               |
| Purity/Purification                                | Purified by antigen-affinity chromatography.                                                                             |
| Form/Format                                        | Supplied in 0.1M Tris-buffered saline with 20% Glycerol (pH7.0). 0.01% Thimerosal was added as a preservative.           |
| Sequence Length                                    | 216                                                                                                                      |
| Applicable Applications for anti-C11orf85 antibody | IF (Immunofluorescence), WB (Western Blot)                                                                               |
| Immunogen Type                                     | Recombinant protein                                                                                                      |
| Immunogen Description                              | Recombinant protein fragment contain a sequence corresponding to a region within amino acids 1 and 176 of Human C11orf85 |
| Target Name                                        | hypothetical protein LOC283129                                                                                           |
| Preparation and Storage                            | Store at -20 degree C for long term preservation (recommended). Store at 4 degree C for short term use.                  |

## IMAGES

### IF (Immunofluorescence)

Immunofluorescence analysis of methanol-fixed HeLa, using LOC283129 antibody at 1: 200 dilution.

### Application Data

Sample (30 ug of whole cell lysate) A: 293T B: A431 12% SDS PAGE Primary antibody diluted at 1: 1000

## ADDITIONAL INFORMATION

| NCBI GenBank Nucleotide #        | <a href="#">NM_001037225.2</a>             |
| Molecular Weight                 | 16,599 Da                                  |
| NCBI Official Full Name          | uncharacterized protein C11orf85 isoform 1 |
| NCBI Official Synonym Full Names | chromosome 11 open reading frame 85        |
| NCBI Official Symbol             | C11orf85                                   |
| NCBI Protein Information         | uncharacterized protein C11orf85           |
| UniProt Protein Name             | Uncharacterized protein C11orf85           |
| UniProt Gene Name                | <b>C11orf85</b>                            |
| UniProt Entry Name               | CK085_HUMAN                                |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
