

## Rabbit anti-Human CDR1 Polyclonal Antibody | anti-CDR1 antibody

CDR1 Antibody

|                               |                       |                            |                                     |
|-------------------------------|-----------------------|----------------------------|-------------------------------------|
| CATALOG #<br><b>AAA309583</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>Western Blot</b> |
|-------------------------------|-----------------------|----------------------------|-------------------------------------|

### PRODUCT SYNONYMS

CDR1; Polyclonal Antibody; CDR1 Antibody; Cerebellar degeneration-related antigen 1; CDR34; anti-CDR1 antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                                   |
|------------------------------------------------|---------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                            |
| Reactivity                                     | Human                                                                                             |
| Clonality                                      | Polyclonal                                                                                        |
| Specificity                                    | CDR1 Antibody detects endogenous levels of total CDR1                                             |
| Purity/Purification                            | Immunogen affinity purified.                                                                      |
| Form/Format                                    | Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. |
| Concentration                                  | 1.0mg/mL (varies by lot)                                                                          |
| Sequence Length                                | 262                                                                                               |
| Applicable Applications for anti-CDR1 antibody | WB (Western Blot)                                                                                 |
| Immunogen                                      | A synthesized peptide derived from human CDR1                                                     |
| Immunogen Type                                 | Peptide                                                                                           |
| Target Name                                    | CDR1                                                                                              |
| Calculated MW                                  | 31 kDa                                                                                            |
| Preparation and Storage                        | Store at -20°C                                                                                    |
