

## Rabbit Tenascin-R Polyclonal Antibody | anti-TNR antibody

Tenascin-R Polyclonal Antibody

|                               |                       |                                        |                                             |
|-------------------------------|-----------------------|----------------------------------------|---------------------------------------------|
| CATALOG #<br><b>AAA309663</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>Immunohistochemistry</b> |
|-------------------------------|-----------------------|----------------------------------------|---------------------------------------------|

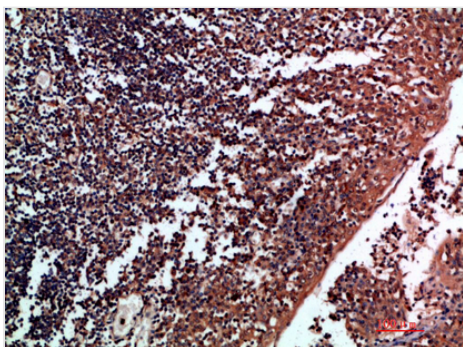

### PRODUCT SYNONYMS

Tenascin-R; Polyclonal Antibody; Tenascin-R Polyclonal Antibody; Tenascin-R (TN-R) (Janusin) (Restrictin); anti-TNR antibody

### PRODUCT SPECIFICATIONS

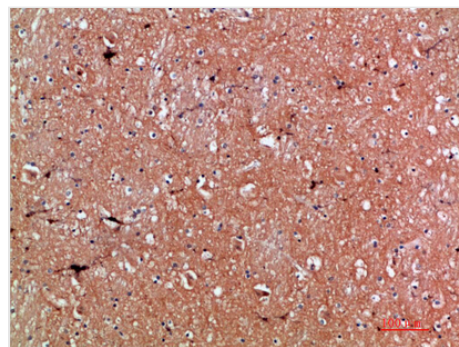

|                                               |                                                                                          |
|-----------------------------------------------|------------------------------------------------------------------------------------------|
| Host                                          | Rabbit                                                                                   |
| Reactivity                                    | Human, Mouse, Rat                                                                        |
| Clonality                                     | Polyclonal                                                                               |
| Specificity                                   | The antibody detects endogenous Tenascin-R                                               |
| Purity/Purification                           | Affinity-purified from rabbit serum by affinity-chromatography using specific immunogen. |
| Form/Format                                   | PBS, pH 7.4, containing 0.02% sodium azide as Preservative and 50% Glycerol.             |
| Concentration                                 | 1 mg/ml (varies by lot)                                                                  |
| Applicable Applications for anti-TNR antibody | IHC (Immunohistochemistry)                                                               |
| Immunogen                                     | Synthetic peptide from human protein at AA range: 1270-1350                              |
| Immunogen Type                                | Protein                                                                                  |
| Preparation and Storage                       | Store at -20 degree C                                                                    |

### IMAGES

IHC (Immunohistochemistry)

Immunohistochemical analysis of paraffin-embedded human-tonsil, antibody was diluted at 1:200

IHC (Immunohistochemistry)

Immunohistochemical analysis of paraffin-embedded human-brain, antibody was diluted at 1:200

### ADDITIONAL INFORMATION

|                                                 |                  |
