

## Rabbit anti-Human Artn Polyclonal Antibody | anti-Artn antibody

Artn Polyclonal Antibody

|                               |                       |                            |                                             |
|-------------------------------|-----------------------|----------------------------|---------------------------------------------|
| CATALOG #<br><b>AAA309698</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>Immunohistochemistry</b> |
|-------------------------------|-----------------------|----------------------------|---------------------------------------------|

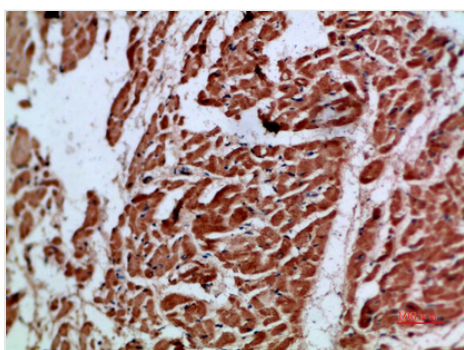

### PRODUCT SYNONYMS

Artn; Polyclonal Antibody; Artn Polyclonal Antibody; Artemin (Enovin) (Neublastin); anti-Artn antibody

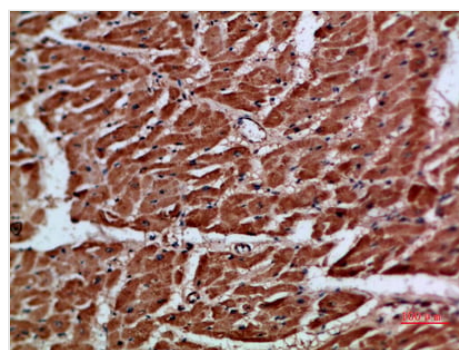

### PRODUCT SPECIFICATIONS

|                                                |                                                                                          |
|------------------------------------------------|------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                   |
| Reactivity                                     | Human                                                                                    |
| Clonality                                      | Polyclonal                                                                               |
| Specificity                                    | The antibody detects endogenous Artn                                                     |
| Purity/Purification                            | Affinity-purified from rabbit serum by affinity-chromatography using specific immunogen. |
| Form/Format                                    | PBS, pH 7.4, containing 0.02% sodium azide as Preservative and 50% Glycerol.             |
| Concentration                                  | 1 mg/ml (varies by lot)                                                                  |
| Applicable Applications for anti-Artn antibody | IHC (Immunohistochemistry)                                                               |
| Immunogen                                      | Synthetic peptide from human protein at AA range: 101-150                                |
| Immunogen Type                                 | Protein                                                                                  |
| Preparation and Storage                        | Store at -20 degree C                                                                    |
