

Rabbit VSV-g Polyclonal Antibody | anti-VSV-g antibody

VSV-g Tag Antibody

CATALOG # AAA311941	HOST Rabbit	APPLICATIONS Western Blot
-------------------------------	-----------------------	-------------------------------------

PRODUCT SYNONYMS

VSV-g; Polyclonal Antibody; VSV-g Tag Antibody; Vesicular stomatitis virus glycoprotein tag antibody; VSV epitope tag antibody; VSV tag antibody; VSV-G epitope tag antibody; VSVG antibody; vsvg tag antibody; anti-VSV-g antibody

PRODUCT SPECIFICATIONS

Host	Rabbit
Clonality	Polyclonal
Purity/Purification	Affinity-chromatography
Form/Format	Rabbit IgG in 10mM phosphate buffered saline , pH 7.4, 150mM sodium chloride, 0.05% BSA, 0.02% sodium azide and 50% glycerol
Concentration	0.3 mg/ml (varies by lot)
Sequence Length	511
Applicable Applications for anti-VSV-g antibody	WB (Western Blot)
Immunogen Type	Protein
Immunogen Description	Peptide
Preparation and Storage	Store at 4 degree C for short term. Store at -20 degree C for long term. Avoid freeze/thaw cycle.

IMAGES

WB (Western Blot)

Western blot analysis of extracts from VSV-G tag fusion protein, using VSV-G tag antibody.

WB (Western Blot)

Western blot analysis on VSV-g tagged fusion protein.

ADDITIONAL INFORMATION

Related Product Information for anti-VSV-g antibody	VSV-G, a vesicular stomatitis virus G (VSV-G) protein fragment. VSV-G protein is commonly used in biomedical research to pseudotype retroviral and lentiviral vectors, conveying the ability to transduce a broad range of mammalian cell types with genes of interest. The VSV-G protein has also been used in cytological studies of trafficking in the endomembrane system. This antibody recognizes the VSV-g-tag fused to either the amino- or carboxy-terminus of targeted proteins.
Product Categories/Family for anti-VSV-g antibody	Total protein Ab

NCBI AND UNIPROT INFORMATION

NCBI GI #	15072764
NCBI Official Full Name	VSV-G protein

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
