

# Rabbit anti-Human GSTCD Polyclonal Antibody | anti-GSTCD antibody

GSTCD Rabbit Polyclonal Antibody

|                               |                       |                            |                                                         |
|-------------------------------|-----------------------|----------------------------|---------------------------------------------------------|
| CATALOG #<br><b>AAA314002</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>Immunofluorescence, Western Blot</b> |
|-------------------------------|-----------------------|----------------------------|---------------------------------------------------------|

## PRODUCT SYNONYMS

GSTCD; Polyclonal Antibody; GSTCD Rabbit Polyclonal Antibody; anti-GSTCD antibody

## PRODUCT SPECIFICATIONS

|                                                 |                                                             |
|-------------------------------------------------|-------------------------------------------------------------|
| Host                                            | Rabbit                                                      |
| Reactivity                                      | Human                                                       |
| Clonality                                       | Polyclonal                                                  |
| Isotype                                         | IgG                                                         |
| Purity/Purification                             | Affinity purification                                       |
| Form/Format                                     | Buffer: PBS with 0.02% sodium azide, 50% glycerol, pH7.3.   |
| Applicable Applications for anti-GSTCD antibody | IF (Immunofluorescence), WB (Western Blot)                  |
| Immunogen                                       | Recombinant fusion protein of human GSTCD (NP_001026890.2). |
| Preparation and Storage                         | Store at -20 degree C. Avoid freeze/thaw cycles.            |

## IMAGES

**IF (Immunofluorescence)**

Immunofluorescence analysis of A549 cells using GSTCD. Blue: DAPI for nuclear staining.

**WB (Western Blot)**

Western blot analysis of extracts of various cell lines, using GSTCD at 1:1000 dilution.

## ADDITIONAL INFORMATION

|                                                   |                  |
|---------------------------------------------------|------------------|
| Product Categories/Family for anti-GSTCD antibody | Primary Antibody |

## NCBI AND UNIPROT INFORMATION

|                           |                                        |
|---------------------------|----------------------------------------|
| NCBI GI #                 | 149588660                              |
| NCBI GeneID               | 79807                                  |
| NCBI Accession #          | NP_001026890.2                         |
| NCBI GenBank Nucleotide # | NM_001031720.3                         |
| UniProt Accession #       | Q8NEC7; Q9H8S3; A8K8J0; A8MVD3; H9KV97 |
| Molecular Weight          | 71,079 Da                              |

|                                  |                                                                          |
|----------------------------------|--------------------------------------------------------------------------|
| NCBI Official Full Name          | glutathione S-transferase C-terminal domain-containing protein isoform 1 |
| NCBI Official Synonym Full Names | glutathione S-transferase, C-terminal domain containing                  |
| NCBI Official Symbol             | GSTCD                                                                    |
| NCBI Protein Information         | glutathione S-transferase C-terminal domain-containing protein           |
| UniProt Protein Name             | Glutathione S-transferase C-terminal domain-containing protein           |
| UniProt Gene Name                | <b>GSTCD</b>                                                             |
| UniProt Entry Name               | GSTCD_HUMAN                                                              |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
