

## Rabbit anti-Human, Mouse TAF5 Polyclonal Antibody | anti-TAF5 antibody

TAF5 Antibody

| CATALOG # | HOST   | REACTIVITY   | APPLICATIONS                              |
|-----------|--------|--------------|-------------------------------------------|
| AAA317536 | Rabbit | Human, Mouse | ELISA, Immunohistochemistry, Western Blot |

### PRODUCT SYNONYMS

TAF5; Polyclonal Antibody; TAF5 Antibody; anti-TAF5 antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                                                           |
|------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                                                    |
| Reactivity                                     | Human, Mouse                                                                                                              |
| Clonality                                      | Polyclonal                                                                                                                |
| Specificity                                    | TAF5 Antibody detects endogenous levels of total TAF5 protein.                                                            |
| Purity/Purification                            | Purified from rabbit antiserum by affinity-chromatography using immunogen.                                                |
| Form/Format                                    | Rabbit IgG in phosphate buffered saline (without Mg2+ and Ca2+), pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. |
| Concentration                                  | 1 mg/ml (varies by lot)                                                                                                   |
| Sequence Length                                | 745                                                                                                                       |
| Applicable Applications for anti-TAF5 antibody | ELISA, IHC (Immunohistochemistry), WB (Western Blot)                                                                      |
| Target Modification                            | Unmodified/Total                                                                                                          |
| Immunogen                                      | The antiserum was produced against synthesized peptide derived from human TAF5.                                           |
| Immunogen Range                                | 381-430                                                                                                                   |
| Preparation and Storage                        | Stable at -20 degree C for at least 1 year.                                                                               |

### IMAGES

#### WB (Western Blot)

Western blot analysis of lysates from A549 cells, using TAF5 Antibody. The lane on the right is blocked with the synthesized peptide.

#### IHC (Immunohistochemistry)

Immunohistochemistry analysis of paraffin-embedded human liver carcinoma tissue, using TAF5 Antibody. The picture on the right is blocked with the synthesized peptide.
