### PRODUCT SYNONYMS

USP28; Polyclonal Antibody; USP28 (Phospho-Ser67) Antibody; USP28 (Phospho-Ser67); Ubiquitin carboxyl-terminal hydrolase 28 (EC 3.4.19.12)(Deubiquitinating enzyme 28)(Ubiquitin thioesterase 28)(Ubiquitin-specific-processing protease 28); anti-USP28 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                           |
|-------------------------------------------------|-----------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                    |
| Reactivity                                      | Human, Mouse, Rat                                                                                         |
| Clonality                                       | Polyclonal                                                                                                |
| Isotype                                         | Rabbit IgG                                                                                                |
| Specificity                                     | This antibody detects endogenous levels of USP28 (Phospho-Ser67) at Human, Mouse, Rat                     |
| Purity/Purification                             | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen. |
| Form/Format                                     | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                   |
| Concentration                                   | 1mg/ml (varies by lot)                                                                                    |
| Applicable Applications for anti-USP28 antibody | WB (Western Blot)                                                                                         |
| Immunogen                                       | Synthesized peptide derived from human USP28 (Phospho-Ser67)                                              |
| Modification                                    | Phospho Specific                                                                                          |
| Preparation and Storage                         | Store at -20 degree C/1 year                                                                              |

### IMAGES

#### WB (Western Blot)

Western Blot analysis of various, using primary antibody at 1:1000 dilution. Secondary antibody

#### IF (Immunofluorescence)

Immunofluorescence analysis of MCF7 cell. 1, primary Antibody was diluted at 1:100 (4 degree C overnight). 2, Goat Anti Rabbit IgG (H&L)-AFluor 594 Secondary antibody.
