

## Rabbit TAZ Polyclonal Antibody | anti-TAZ antibody

Phospho-TAZ (Ser89) Antibody

| CATALOG # | HOST   | REACTIVITY        | APPLICATIONS |
|-----------|--------|-------------------|--------------|
| AAA329411 | Rabbit | Human, Mouse, Rat | Western Blot |

### PRODUCT SYNONYMS

TAZ; Polyclonal Antibody; Phospho-TAZ (Ser89) Antibody; DKFZP586I1419; FLJ27004; FLJ45718; OTTHUMP00000215994; OTTHUMP00000215995; OTTHUMP00000215996; OTTHUMP00000216001; Transcriptional co activator with PDZ binding motif; Transcriptional coactivator with PDZ binding motif; Transcriptional coactivator with PDZ-binding motif; WW domain containing transcription regulator 1; WW domain containing transcription regulator protein 1; WW domain-containing transcription regulator protein 1; WWTR 1; WWTR1; WWTR1\_HUMAN; anti-TAZ antibody

### PRODUCT SPECIFICATIONS

|                                               |                                                                                                                                                                |
|-----------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                          | Rabbit                                                                                                                                                         |
| Reactivity                                    | Human, Mouse, Rat                                                                                                                                              |
| Clonality                                     | Polyclonal                                                                                                                                                     |
| Isotype                                       | Rabbit IgG                                                                                                                                                     |
| Purity/Purification                           | The antibody is from purified rabbit serum by affinity purification via sequential chromatography on phospho-peptide and non-phospho-peptide affinity columns. |
| Form/Format                                   | Rabbit IgG in phosphate buffered saline, pH7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.                                                               |
| Concentration                                 | ~1mg/ml (varies by lot)                                                                                                                                        |
| Applicable Applications for anti-TAZ antibody | WB (Western Blot)                                                                                                                                              |
| Immunogen                                     | A synthesized peptide derived from human TAZ around the phosphorylation site of Ser89.                                                                         |
| Preparation and Storage                       | Store at -20°C. Stable for 12 months from date of receipt.                                                                                                     |
