

## Nipah Virus Glycoprotein G Monoclonal Antibody

Nipah Virus Glycoprotein G mab

CATALOG #  
AAA36595

HOST  
Mouse Ascites

### PRODUCT SYNONYMS

Nipah Virus Glycoprotein G; Monoclonal Antibody; Nipah Virus Glycoprotein G mab; anti-Nipah Virus Glycoprotein G antibody

### PRODUCT SPECIFICATIONS

|                         |                                                                                  |
|-------------------------|----------------------------------------------------------------------------------|
| Host                    | Mouse Ascites                                                                    |
| Clonality               | Monoclonal                                                                       |
| Isotype                 | IgG2b, lemda light chain                                                         |
| Clone Number            | NVG-13                                                                           |
| Specificity             | Nipah Virus Glycoprotein G                                                       |
| Purity/Purification     | Purification: Ion Exchange<br>Purity: >90% by SDS-PAGE                           |
| Form/Format             | Purified, Liquid                                                                 |
| Concentration           | 3.0 mg/mL (OD280 nm, $E^{0.1\%}=1.40$ ) (varies by lot)                          |
| Host Note               | Hybridization of P3x63-Ag 9.653 myeloma cells with spleen from Balb/c mouse      |
| Immunogen               | Mammalian Recombinant antigen; Malaysia 2008                                     |
| Affinity Constant       | Not determined                                                                   |
| Buffer                  | 0.015 M potassium buffer, 0.85% NaCl, 0.05% $\text{NaN}_3$ , pH7.2               |
| Preparation and Storage | 2-8 degree for 5 years if the vial not opened. -20 degree +10 degree for 5 years |

### ADDITIONAL INFORMATION

|                                                                          |                                        |
