

## IgG (H+L) Secondary Antibody

AP-Goat Anti-Rabbit IgG (H+L) Antibody

|                              |                     |                                     |
|------------------------------|---------------------|-------------------------------------|
| CATALOG #<br><b>AAA37343</b> | HOST<br><b>Goat</b> | APPLICATIONS<br><b>Western Blot</b> |
|------------------------------|---------------------|-------------------------------------|

### PRODUCT SYNONYMS

IgG (H+L); AP-Goat Anti-Rabbit IgG (H+L) Antibody; AP Goat Anti-Rabbit IgG (H+L) : N/A; IgG (H+L) secondary antibody

### PRODUCT SPECIFICATIONS

|                                                          |                                                                |
|----------------------------------------------------------|----------------------------------------------------------------|
| Host                                                     | Goat                                                           |
| Isotype                                                  | Alkaline Phosphatase conjugated IgG                            |
| Purity/Purification                                      | Affinity Purification                                          |
| Form/Format                                              | PBS with 0.025% Sodium Azide, 0.75% BSA, 50% glycerol, pH 7.3. |
| Concentration                                            | 1mg/ml (varies by lot)                                         |
| Applicable Applications for IgG (H+L) secondary antibody | WB (Western Blot)                                              |
| Conjugate                                                | AP                                                             |
| Preparation and Storage                                  | Store at -20°C. Avoid freeze / thaw cycles.                    |

### ADDITIONAL INFORMATION

|                                                              |                                        |
