

## Soy Bean P34 Recombinant Protein

Recombinant Soy Bean P34 Protein, GST Tag

CATALOG #  
**AAA38078**

HOST  
**E Coli**

### PRODUCT SYNONYMS

Soy Bean P34; Recombinant Soy Bean P34 Protein; GST Tag; Soybean P34 GST; Soybean P34 Protein Recombinant; GST; Soy Bean P34 recombinant protein

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                           |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Host                    | E Coli                                                                                                                    |
| Purity/Purification     | Protein is >95% pure as determined by 10% PAGE (coomassie staining)<br>Purified by proprietary chromatographic technique. |
| Form/Format             | (1 mg/0.16 ml) 50mM Tris-HCl, pH 8.0, 60mM NaCl, 10mM glutathione and 50% glycerol.                                       |
| Appearance              | sterile filtered colorless solution                                                                                       |
| Preparation and Storage | Soybean P34 His although stable at 4°C for 1 week, should be stored below -18°C.<br>Please prevent freeze thaw cycles.    |

### ADDITIONAL INFORMATION

|                                                                  |                                                                                                                                                |
|------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Related Product Information for Soy Bean P34 recombinant protein | <b>Description:</b> The E Coli derived GST Tag recombinant protein, 36kDa, contains Soybean P34 Protein epitopes 214-261, 351-379 amino acids. |
| Product Categories/Family for Soy Bean P34 recombinant protein   | <b>ALLERGY PROTEINS;</b> <b>Recombinant Proteins;</b> <b>Allergy</b>                                                                           |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
