

## Rabbit anti-Human IL-1RAcP Polyclonal Antibody | anti-IL1RAP antibody

IL-1RAcP Antibody

| CATALOG # | HOST   | REACTIVITY | APPLICATIONS                             |
|-----------|--------|------------|------------------------------------------|
| AAA39862  | Rabbit | Human      | Immunocytochemistry, Western Blot, ELISA |

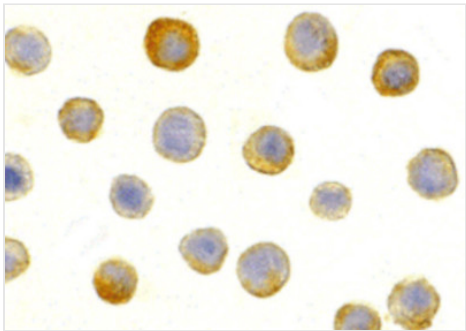

### PRODUCT SYNONYMS

IL-1RAcP; Polyclonal Antibody; IL-1RAcP Antibody; IL1R3; C3orf13; Interleukin-1 receptor accessory protein; Interleukin-1 receptor 3; IL-1 receptor accessory protein; interleukin 1 receptor accessory protein; anti-IL1RAP antibody

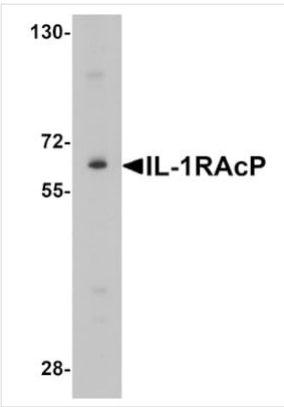

### PRODUCT SPECIFICATIONS

|                                                  |                                                                                                                                                                                                                                                                |

| Host                                             | Rabbit                                                                                                                                                                                                                                                         |
| Reactivity                                       | Human                                                                                                                                                                                                                                                          |
| Clonality                                        | Polyclonal                                                                                                                                                                                                                                                     |
| Isotype                                          | IgG                                                                                                                                                                                                                                                            |
| Specificity                                      | It has no cross activity to other member in the IL-1 receptor family.                                                                                                                                                                                          |
| Purity/Purification                              | IL-1RAcP Antibody is affinity chromatography purified via peptide column.                                                                                                                                                                                      |
| Form/Format                                      | Liquid                                                                                                                                                                                                                                                         |
| Concentration                                    | 1 mg/mL (varies by lot)                                                                                                                                                                                                                                        |
| Sequence Length                                  | 1740                                                                                                                                                                                                                                                           |
| Applicable Applications for anti-IL1RAP antibody | ICC (Immunocytochemistry), WB (Western Blot), ELISA                                                                                                                                                                                                            |
| Conjugate                                        | Unconjugated                                                                                                                                                                                                                                                   |
| Immunogen                                        | IL-1RAcP antibody was raised against a peptide corresponding to 22 amino acids near the carboxy terminus of IL-1RAcP, which differs from. The sequence of mouse origin by three amino acids.                                                                   |
| Buffer                                           | IL-1RAcP Antibody is supplied in PBS containing 0.02% sodium azide.                                                                                                                                                                                            |
| Preparation and Storage                          | IL-1RAcP antibody can be stored at 4 degree C for three months and -20 degree C, stable for up to one year. As with all antibodies care should be taken to avoid repeated freeze thaw cycles. Antibodies should not be exposed to prolonged high temperatures. |
