

Human Anti-Myelin Oligodendrocyte Glycoprotein Anitbody (Anti-MOG) ELISA Kit | MOG elisa kit

Human Anti-Myelin Oligodendrocyte Glycoprotein Anitbody (Anti-MOG) ELISA Kit

CATALOG #

AAA43947

REACTIVITY

Human

PRODUCT SYNONYMS

Anti-Myelin Oligodendrocyte Glycoprotein Anitbody (Anti-MOG); Human Anti-Myelin Oligodendrocyte Glycoprotein Anitbody (Anti-MOG) ELISA Kit; MOG elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Human
Assay Type	Quantitative Sandwich
Samples	Serum, plasma, cell culture supernates, Ascites, tissue homogenates or other biological fluids
Detection Range	20-7000ng/ml
Sensitivity	10.23ng/ml
Intra-assay Precision	Intra-Assay Precision (Precision within an assay) Three samples of known concentration were tested on one plate to assess intra-assay precision. Intra-Assay: CV<8%
Inter-assay Precision	Inter-Assay Precision (Precision between assays) Three samples of known concentration were tested in separate assays to assess inter-assay precision. CV(%) = SD/mean x 100. Inter-Assay: CV<10%
Preparation and Storage	Store at 2 to 8 degree C for 6 months.

ADDITIONAL INFORMATION

Related Product Information for MOG elisa kit	Principle of the Assay: This kit is an Enzyme-Linked Immunosorbent Assay (ELISA). The plate has been pre-coated with Human Anti-MOG antigen. Anti-MOG present in the sample is added and binds to antigens coated on the wells. And then biotinylated Human Anti-MOG Antigen is added and binds to Anti-MOG in the sample. Then Streptavidin-HRP is added and binds to the Biotinylated Anti-MOG antigen. After incubation unbound Streptavidin-HRP is washed away during a washing step. Substrate solution is then added and color develops in proportion to the amount of Human Anti-MOG. The reaction is terminated by addition of acidic stop solution and absorbance is measured at 450 nm. Intended Uses: This sandwich kit is for the accurate quantitative detection of Human Anti-Myelin Oligodendrocyte Glycoprotein Anitbody (also known as Anti-MOG) in serum, plasma, cell culture supernates, Ascites, tissue homogenates or other biological fluids.
