

aCella - Tox - an designed to measure cell cytotoxicity Assay Kit

aCella - Tox - an assay designed to measure cell cytotoxicity

CATALOG #
AAA52777

PRODUCT SYNONYMS

aCella - Tox - an designed to measure cell cytotoxicity; aCella - Tox - an assay designed to measure cell cytotoxicity; aCella - TOX 500 Tests; aCella - Tox - an designed to measure cell cytotoxicity assay kit

PRODUCT SPECIFICATIONS

Method of Analysis	Luminometer
Preparation and Storage	Store contents as labeled Shipping: Blue Ice/Gel Packs

ADDITIONAL INFORMATION

Related Product Information for aCella - Tox - an designed to measure cell cytotoxicity assay kit	Principle of the Assay: A bioluminescence, non-radioactive cytotoxicity assay designed to quantitatively measure the release of glyceraldehyde-3-phosphate dehydrogenase (GAPDH) from mammalian cell lines or bacterial cells.
Product Categories/Family for aCella - Tox - an designed to measure cell cytotoxicity assay kit	Cell Viability Assay
