

## Human C-C motif chemokine 17 ELISA Kit | CCL17 elisa kit

Human C-C motif chemokine 17 ELISA Kit

CATALOG #  
**AAA56711**

REACTIVITY  
**Human**

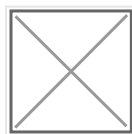

### PRODUCT SYNONYMS

C-C motif chemokine 17; Human C-C motif chemokine 17 ELISA Kit; CC chemokine TARC; Small-inducible cytokine A17; Thymus and activation-regulated chemokine; CCL17; SCYA17; TARC; CCL17 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| Reactivity              | Human                                                               |
| Sequence Length         | 94                                                                  |
| Assay Type              | Sandwich                                                            |
| Detection Range         | 78-5000 pg/mL                                                       |
| Sensitivity             | 34pg/mL                                                             |
| Intra-Assay CV          | <=5.7%                                                              |
| Inter-Assay CV          | <=8.3%                                                              |
| Recovery                | 96%                                                                 |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |

| NCBI GI #                        | <a href="#">4506829</a>                                                  |
| NCBI GeneID                      | <a href="#">6361</a>                                                     |
| NCBI Accession #                 | <a href="#">NP_002978.1</a>                                              |
| NCBI GenBank Nucleotide #        | <a href="#">NM_002987.2</a>                                              |
| UniProt Accession #              | <a href="#">Q92583</a> ; <a href="#">Q2M287</a> ; <a href="#">A0N0Q9</a> |
| Molecular Weight                 | 10,507 Da                                                                |
| NCBI Official Full Name          | C-C motif chemokine 17                                                   |
| NCBI Official Synonym Full Names | C-C motif chemokine ligand 17                                            |
| NCBI Official Symbol             | CCL17                                                                    |
| NCBI Official Synonym Symbols    | TARC; ABCD-2; SCYA17; A-152E5.3                                          |

|                            |                        |
|----------------------------|------------------------|
| NCBI Protein Information   | C-C motif chemokine 17 |
| UniProt Protein Name       | C-C motif chemokine 17 |
| UniProt Gene Name          | CCL17                  |
| UniProt Synonym Gene Names | SCYA17; TARC           |
| UniProt Entry Name         | CCL17_HUMAN            |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
