

## Sheep Ethyl Glucuronide Monoclonal Antibody

Ethyl Glucuronide

|                              |                      |                              |
|------------------------------|----------------------|------------------------------|
| CATALOG #<br><b>AAA58689</b> | HOST<br><b>Sheep</b> | APPLICATIONS<br><b>ELISA</b> |
|------------------------------|----------------------|------------------------------|

### PRODUCT SYNONYMS

Ethyl Glucuronide; Monoclonal Antibody; ETG; anti-Ethyl Glucuronide antibody

### PRODUCT SPECIFICATIONS

|                                                             |                            |
|-------------------------------------------------------------|----------------------------|
| Host                                                        | Sheep                      |
| Clonality                                                   | Monoclonal                 |
| Purity/Purification                                         | Protein A purification     |
| Form/Format                                                 | pH7.2 PBS                  |
| Concentration                                               | 1.773mg/mL (varies by lot) |
| Applicable Applications for anti-Ethyl Glucuronide antibody | ELISA                      |
| Preservative                                                | 0.09% Sodium Azide         |
| Preparation and Storage                                     | Store at 2°C to 8°C.       |

### ADDITIONAL INFORMATION

|                                                               |                                                                          |
|---------------------------------------------------------------|--------------------------------------------------------------------------|
| Product Categories/Family for anti-Ethyl Glucuronide antibody | Monoclonal Antibodies; Alcohol-General-Other; Alcohol; Ethyl Glucuronide |
|---------------------------------------------------------------|--------------------------------------------------------------------------|

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
