### PRODUCT SYNONYMS

Claudin 18.2; Monoclonal Antibody; Claudin 18.2 (RBT-CLDN18.2); RMab; (RBT-CLDN18.2); anti-Claudin 18.2 antibody

### PRODUCT SPECIFICATIONS

|              |                                                                                                                                                                         |
|--------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host         | Rabbit                                                                                                                                                                  |
| Reactivity   | Human<br>Predicted: Mouse                                                                                                                                               |
| Clonality    | Monoclonal                                                                                                                                                              |
| Isotype      | IgG                                                                                                                                                                     |
| Clone Number | RBT-CLDN18.2                                                                                                                                                            |
| Form/Format  | This antibody is derived from cell culture supernatant that is concentrated, dialyzed, filter sterilized and diluted in buffer pH 7.5, containing BSA and sodium azide. |
| Localization | Nuclear                                                                                                                                                                 |
| Intended Use | Analyte Specific Reagent. Analytical and performance characteristics for Claudin 18.2 antibody, clone RBT-CLDN18.2, are not established.                                |

IHC of Claudin 18.2 on an FFPE Esophagogastric Junction tissue

| Antibody Type  | Dilution     | Volume/QTY |
|----------------|--------------|------------|
| Prediluted     | Ready-To-Use | 3.0 ml     |
| Prediluted     | Ready-To-Use | 7.0 ml     |
| Prediluted     | Ready-To-Use | 15.0 ml    |
| Concentrated   | 1:10-1:50    | 0.1 ml     |
| Concentrated   | 1:10-1:50    | 0.5 ml     |
| Concentrated   | 1:10-1:50    | 1.0 ml     |
| Control Slides |              | 5          |

Dilution Info

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
