

## Norovirus Monoclonal Antibody

Monoclonal Antibody to Norovirus

| CATALOG # | REACTIVITY                                                          | APPLICATIONS |
|-----------|---------------------------------------------------------------------|--------------|
| AAA60683  | Recognizes VLP from GI.1 Norwalk, GI.3 Desert Shield and GI.4 Chiba | ELISA        |

### PRODUCT SYNONYMS

Norovirus; Monoclonal Antibody; Monoclonal Antibody to Norovirus; anti-Norovirus antibody

### PRODUCT SPECIFICATIONS

|                                                     |                                                                                                                    |
|-----------------------------------------------------|--------------------------------------------------------------------------------------------------------------------|
| Reactivity                                          | Recognizes VLP from GI.1 Norwalk, GI.3 Desert Shield and GI.4 Chiba                                                |
| Clonality                                           | Monoclonal                                                                                                         |
| Isotype                                             | IgG2a kappa                                                                                                        |
| Clone Number                                        | 300.1.28                                                                                                           |
| Specificity                                         | Recognizes VLP from GI.1 Norwalk, GI.3 Desert Shield and GI.4 Chiba.                                               |
| Purity/Purification                                 | Protein A chromatography from in vitro production<br>Purity: >95% pure determined by size-exclusion chromatography |
| Form/Format                                         | 0.15M PBS                                                                                                          |
| Concentration                                       | 1.2 mg/ml (varies by lot)                                                                                          |
| Applicable Applications for anti-Norovirus antibody | ELISA                                                                                                              |
| Immunogen                                           | Norovirus GI.1 Norwalk 1968 VLP                                                                                    |
| pI                                                  | 6.5-7.5                                                                                                            |
| Preservative                                        | None                                                                                                               |
| Dry Ice Note                                        | The product may be shipped with dry ice, and an additional fee may be added to your shipping cost.                 |
| Preparation and Storage                             | Store at -20°C, avoid repeat freeze- thaw cycles<br>Shipping: Ships with dry ice                                   |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
