

## STEAP4 / Dudulin4 Blocking Peptide | STEAP4 blocking peptide

STEAP4 / Dudulin4 Immunizing Peptide

CATALOG #  
**AAA61967**

### PRODUCT SYNONYMS

STEAP4 / Dudulin4; STEAP4 / Dudulin4 Immunizing Peptide; STEAP family member 4; DKFZp666D049; FLJ23153; STAMP2; TIARP; TNFAIP9; six transmembrane prostate protein 2; tumor necrosis factor; alpha-induced protein 9; tumor necrosis-alpha-induced adipose-related protein; Dudulin4; STEAP4 blocking peptide

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                                  |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form/Format             | 100ug of Lyophilized peptide, formulation De-ionized (DI) water                                                                                                  |
| Sequence                | CVDNTLTRIR QGWERN                                                                                                                                                |
| Sequence Length         | 459                                                                                                                                                              |
| Reconstitution          | Reconstitute pellet in distilled water where required. For blocking studies, reconstitute pellet in 200ul distilled water to obtain a 0.5mg/mL peptide solution. |
| Preparation and Storage | Store at -20 degree C.                                                                                                                                           |

### NCBI AND UNIPROT INFORMATION

|                                  |                                   |
|----------------------------------|-----------------------------------|
| NCBI GI #                        | 100815815                         |
| NCBI GeneID                      | 79689                             |
| NCBI Accession #                 | NP_078912.2                       |
| NCBI GenBank Nucleotide #        | NM_024636.3                       |
| NCBI Official Full Name          | metalloreductase STEAP4 isoform 1 |
| NCBI Official Synonym Full Names | STEAP4 metalloreductase           |
| NCBI Official Symbol             | STEAP4                            |
| NCBI Official Synonym Symbols    | TIARP; STAMP2; TNFAIP9            |
| NCBI Protein Information         | metalloreductase STEAP4           |
| UniProt Protein Name             | Metalloreductase STEAP4           |
| UniProt Gene Name                | <b>STEAP4</b>                     |
| UniProt Synonym Gene Names       | STAMP2; TNFAIP9                   |
| UniProt Entry Name               | STEA4_HUMAN                       |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
