

## Mouse Trefoil Factor 3, Intestinal (TFF3) ELISA Kit | TFF3 elisa kit

Mouse Trefoil Factor 3, Intestinal (TFF3) ELISA Kit

|                              |                            |
|------------------------------|----------------------------|
| CATALOG #<br><b>AAA66464</b> | REACTIVITY<br><b>Mouse</b> |
|------------------------------|----------------------------|

### PRODUCT SYNONYMS

Trefoil Factor 3; Intestinal (TFF3); Mouse Trefoil Factor 3; Intestinal (TFF3) ELISA Kit; HITF; ITF3; TFI; HP1.B; TFF3 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                                                                            |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Mouse                                                                                                                                                                                                      |
| Sequence Length         | 81                                                                                                                                                                                                         |
| Samples                 | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids.                                                                                                      |
| Assay Type              | Sandwich                                                                                                                                                                                                   |
| Detection Range         | 78.125-5000pg/mL                                                                                                                                                                                           |
| Sensitivity             | 29.14pg/mL                                                                                                                                                                                                 |
| Intra Assay             | CV<10%                                                                                                                                                                                                     |
| Inter Assay             | CV<12%                                                                                                                                                                                                     |
| Preparation and Storage | For unopened kit, all reagents should be kept according to the labels on vials. The TMB Substrate, Wash Buffer, Stop Solution should be stored at 4 degree C. All others should be stored at -20 degree C. |

|-------------------------------|------------------|
| NCBI Official Symbol          | Tff3             |
| NCBI Official Synonym Symbols | ITF; mITF        |
| NCBI Protein Information      | trefoil factor 3 |
| UniProt Protein Name          | Trefoil factor 3 |
| UniProt Gene Name             | <b>Tff3</b>      |
| UniProt Synonym Gene Names    | Itf; mITF        |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
