

Mouse anti-Human CD35 Monoclonal Antibody | anti-CD35 antibody

Anti-Human CD35, APC (clone: To5) (Mouse IgG1)

CATALOG # AAA74220	HOST Mouse	REACTIVITY Human	APPLICATIONS Immunohistochemistry
------------------------------	----------------------	----------------------------	---

PRODUCT SYNONYMS

CD35; Monoclonal Antibody; Anti-Human CD35; APC (clone: To5) (Mouse IgG1); Anti-Human CD35 Monoclonal Antibody; anti-CD35 antibody

PRODUCT SPECIFICATIONS

Host	Mouse
Reactivity	Human
Clonality	Monoclonal
Isotype	Mouse IgG1
Clone Number	To5
Specificity	CD35 (This antibody is specific for human CD35.)
Form/Format	APC
Concentration	0.1 mg/ml (varies by lot)
Applicable Applications for anti-CD35 antibody	IHC (Immunohistochemistry)
Immunization	Mouse monoclonal antibodies raised against human C3b receptor-enriched precipitates from tonsil cell membranes.
Presentation	Biotin/FITC/PE/APC conjugated IgG buffered in PBS, 0.02% NaN ₃ and EIA grade BSA as a stabilizing protein to bring total protein concentration to 4-5 mg/ml.
Preparation and Storage	For all formats, store at 4 degree C. DO NOT FREEZE PE and APC conjugates. For long term storage (Purified, Biotin, FITC), aliquot and freeze unused portion at -20 degree C in volumes appropriate for single usage. Avoid freeze/thaw cycles.

ADDITIONAL INFORMATION

Related Product Information for anti-CD35 antibody	anti-Human CD35 monoclonal antibody specifically binds human CD35, also known as Complement receptor type 1 (CR1). CD35 is a membrane glycoprotein that binds C3b and C4b, and is expressed on granulocytes, monocytes, B cells, follicular dendritic cells, subsets of NK and T cells and erythrocytes. CD35's affinity for C3b plays a role in the inactivation of the alternative complement pathway by affecting the function of C3 convertase.
--	---

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
