

## Rabbit JunD Polyclonal Antibody | anti-JunD antibody

JunD Antibody Affinity Purified N-epitope

| CATALOG # | HOST   | REACTIVITY              | APPLICATIONS                                                                       |
|-----------|--------|-------------------------|------------------------------------------------------------------------------------|
| AAA75787  | Rabbit | Drosophila melanogaster | Western Blot, Immunohistochemistry, Immunofluorescence, Immunocytochemistry, ELISA |

### PRODUCT SYNONYMS

JunD; Polyclonal Antibody; JunD Antibody Affinity Purified N-epitope; Activator protein 1; AP 1; Transcription factor jun D antibody; anti-JunD antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                                                                    |
|------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                                                             |
| Reactivity                                     | Drosophila melanogaster                                                                                                            |
| Clonality                                      | Polyclonal                                                                                                                         |
| Form/Format                                    | Affinity Purified Immunoglobulins                                                                                                  |
| Concentration                                  | 0.5mg/ml (varies by lot)                                                                                                           |
| Sequence Length                                | 289                                                                                                                                |
| Applicable Applications for anti-JunD antibody | WB (Western Blot), IHC (Immunohistochemistry), IF (Immunofluorescence), ICC (Immunocytochemistry), ELISA, CM (Confocal Microscopy) |
| Immunogen                                      | Synthetic peptide corresponding to unique sequence on Drosophila melangoaster Jun protein.                                         |
| Immunoglobulin                                 | Antibody stabilization buffer                                                                                                      |
| Preparation and Storage                        | -20• degree C for long term storage                                                                                                |
