

## Inhibin B (INHB) Recombinant Protein

Inhibin B (INHB) Antigen, Recombinant

|                              |                       |                              |
|------------------------------|-----------------------|------------------------------|
| CATALOG #<br><b>AAA77420</b> | HOST<br><b>E Coli</b> | APPLICATIONS<br><b>ELISA</b> |
|------------------------------|-----------------------|------------------------------|

### PRODUCT SYNONYMS

Inhibin B (INHB); Inhibin B (INHB) Antigen; Recombinant; Inhibin B (INHB) recombinant protein

### PRODUCT SPECIFICATIONS

|                                                                  |                                                     |
|------------------------------------------------------------------|-----------------------------------------------------|
| Host                                                             | E Coli                                              |
| Purity/Purification                                              | >90%                                                |
| Form/Format                                                      | 20 mM Phosphate Buffer, pH 7.4 with 0.01% SDS       |
| Concentration                                                    | 0.1 mg/ml (varies by lot)                           |
| Applicable Applications for Inhibin B (INHB) recombinant protein | ELISA                                               |
| Tag Information                                                  | Purified Recombinant Antigen (His-tag)              |
| Preparation and Storage                                          | Short Term: 2-8 degree C. Long Term: <=-70 degree C |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
