

Human ACE2 ELISA Kit | ACE-2 elisa kit

Human ACE2 (Angiotensin-converting enzyme 2) Pre-Coated ELISA Kit

CATALOG # AAA78537	REACTIVITY Human	APPLICATIONS ELISA
------------------------------	----------------------------	------------------------------

PRODUCT SYNONYMS

ACE2; Human ACE2 (Angiotensin-converting enzyme 2) Pre-Coated ELISA Kit; Angiotensin-converting enzyme 2; ACE-2 elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Human
Samples	Serum, plasma, tissue homogenates and other biological fluids
Applicable Applications for ACE-2 elisa kit	ELISA

ADDITIONAL INFORMATION

Related Product Information for ACE-2 elisa kit	Background/Introduction: Angiotensin I-converting enzyme2 (ACE 2) is a protein belongs to the angiotensin-converting enzyme family of dipeptidyl carboxydipeptidases and has considerable homology to human angiotensin 1 converting enzyme. By sequence similarity to a sequence in GenBank, this gene is mapped to Xp22.2. This secreted protein catalyzes the cleavage of angiotensin I into angiotensin 1-9, and angiotensin II into the vasodilator angiotensin 1-7. The organ- and cell-specific expression of this gene suggests that it may play a role in the regulation of cardiovascular and renal function, as well as fertility. In addition, the encoded protein is a functional receptor for the spike glycoprotein of the human coronaviruses SARS and HCoV-NL63.
Product Categories/Family for ACE-2 elisa kit	Kits and Reagents; ELISA Kits

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
