

## Mouse Cardiotrophin Like Cytokine Factor 1 ELISA Kit | CLCF1 elisa kit

Mouse Cardiotrophin Like Cytokine Factor 1 ELISA Kit

|                              |                            |
|------------------------------|----------------------------|
| CATALOG #<br><b>AAA81988</b> | REACTIVITY<br><b>Mouse</b> |
|------------------------------|----------------------------|

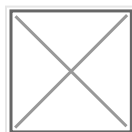

### PRODUCT SYNONYMS

Cardiotrophin Like Cytokine Factor 1; Mouse Cardiotrophin Like Cytokine Factor 1 ELISA Kit; CLCF1 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                            |
|-------------------------|----------------------------------------------------------------------------|
| Reactivity              | Mouse                                                                      |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type              | Sandwich                                                                   |
| Detection Range         | 25-500pg/mL                                                                |
| Sensitivity             | 1.0pg/mL                                                                   |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                        |

### ADDITIONAL INFORMATION

|                                               |                |
|-----------------------------------------------|----------------|
| Product Categories/Family for CLCF1 elisa kit | Cardiovascular |
|-----------------------------------------------|----------------|

### NCBI AND UNIPROT INFORMATION

|                                  |                                                |
|----------------------------------|------------------------------------------------|
| NCBI GI #                        | 261245022                                      |
| NCBI GeneID                      | 23529                                          |
| NCBI Accession #                 | NP_001159684.1                                 |
| NCBI GenBank Nucleotide #        | NM_001166212.1                                 |
| Molecular Weight                 | 24,087 Da                                      |
| NCBI Official Full Name          | cardiotrophin-like cytokine factor 1 isoform 2 |
| NCBI Official Synonym Full Names | cardiotrophin-like cytokine factor 1           |
| NCBI Official Symbol             | CLCF1                                          |
| NCBI Official Synonym Symbols    | CLC; NR6; BSF3; NNT1; BSF-3; CISS2; NNT-1      |

|                            |                                                                                                                                                                                                                                        |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI Protein Information   | cardiotrophin-like cytokine factor 1; novel neurotrophin-1; B-cell stimulating factor 3; B-cell stimulatory factor 3; B-cell-stimulating factor 3; CRLF1 associated cytokine-like factor 1; neurotrophin-1/B-cell stimulating factor-3 |
| UniProt Protein Name       | Cardiotrophin-like cytokine factor 1                                                                                                                                                                                                   |
| UniProt Gene Name          | CLCF1                                                                                                                                                                                                                                  |
| UniProt Synonym Gene Names | BSF3; CLC; NNT1; BSF-3; NNT-1                                                                                                                                                                                                          |
| UniProt Entry Name         | CLCF1_HUMAN                                                                                                                                                                                                                            |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
