

## Human Chemokine C C motif ligand 5 ELISA Kit | CCL 5 elisa kit

Human Chemokine C C motif ligand 5 ELISA Kit

|                              |                            |
|------------------------------|----------------------------|
| CATALOG #<br><b>AAA82868</b> | REACTIVITY<br><b>Human</b> |
|------------------------------|----------------------------|

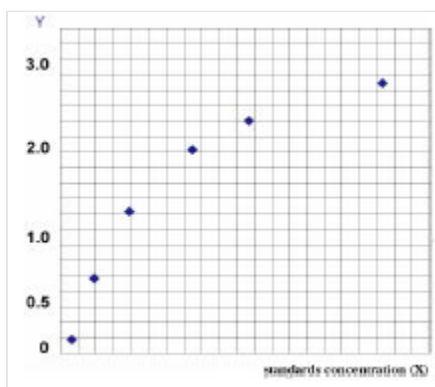

### PRODUCT SYNONYMS

Chemokine C C motif ligand 5; Human Chemokine C C motif ligand 5 ELISA Kit; CCL 5 elisa kit

### PRODUCT SPECIFICATIONS

|                            |                                                                            |
|----------------------------|----------------------------------------------------------------------------|
| Reactivity                 | Human                                                                      |
| Samples                    | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type                 | Competitive or Sandwich                                                    |
| Detection Range            | 2.5-50ng/mL                                                                |
| Sensitivity                | 0.1ng/mL                                                                   |
| Highest Standards          | 50ng/mL                                                                    |
| Concentration of Standards | Concentration of Standards                                                 |
| Preparation and Storage    | Store all reagents at 2-8 degree C.                                        |

| Product Categories/Family for CCL 5 elisa kit | Immunology |
|-----------------------------------------------|------------|

### NCBI AND UNIPROT INFORMATION

|                  |           |
|------------------|-----------|
| NCBI GI #        | 119600526 |
| NCBI GeneID      | 6352      |
| Molecular Weight | 9,990 Da  |

|                                  |                                                                                                                                                                                                                                                 |
|----------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI Official Full Name          | chemokine (C-C motif) ligand 5                                                                                                                                                                                                                  |
| NCBI Official Synonym Full Names | chemokine (C-C motif) ligand 5                                                                                                                                                                                                                  |
| NCBI Official Symbol             | CCL5                                                                                                                                                                                                                                            |
| NCBI Official Synonym Symbols    | SISd; eoCP; SCYA5; RANTES; TCP228; D17S136E; SIS-delta                                                                                                                                                                                          |
| NCBI Protein Information         | C-C motif chemokine 5; beta-chemokine RANTES; T-cell specific protein p288; eosinophil chemotactic cytokine; small inducible cytokine subfamily A (Cys-Cys), member 5; regulated upon activation, normally T-expressed, and presumably secreted |
| UniProt Protein Name             | C-C motif chemokine 5                                                                                                                                                                                                                           |
| UniProt Gene Name                | <b>CCL5</b>                                                                                                                                                                                                                                     |
| UniProt Synonym Gene Names       | D17S136E; SCYA5; TCP228                                                                                                                                                                                                                         |
| UniProt Entry Name               | CCL5_HUMAN                                                                                                                                                                                                                                      |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
