

## Guinea Pig Lactoferrin ELISA Kit | LF elisa kit

Guinea pig Lactoferrin ELISA Kit

CATALOG #  
**AAA83090**

REACTIVITY  
**Guinea Pig**

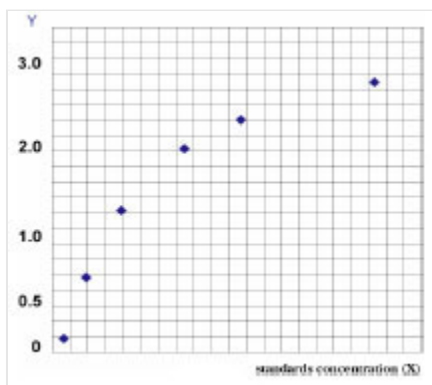

### PRODUCT SYNONYMS

Lactoferrin; Guinea pig Lactoferrin ELISA Kit; LF elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                            |
|-------------------------|----------------------------------------------------------------------------|
| Reactivity              | Guinea Pig                                                                 |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type              | Competitive                                                                |
| Detection Range         | 250-5000pg/mL                                                              |
| Sensitivity             | 1.0pg/mL                                                                   |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                        |

### ADDITIONAL INFORMATION

Product Categories/Family for LF elisa kit **Cardiovascular**

### NCBI AND UNIPROT INFORMATION

|                                  |                  |
|----------------------------------|------------------|
| NCBI GI #                        | 187122           |
| NCBI GeneID                      | 4057             |
| Molecular Weight                 | 73,161 Da        |
| NCBI Official Full Name          | lactoferrin      |
| NCBI Official Synonym Full Names | lactotransferrin |

|                               |                                                                                                                         |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| NCBI Official Symbol          | LTF                                                                                                                     |
| NCBI Official Synonym Symbols | LF; HLF2; GIG12; HEL110                                                                                                 |
| NCBI Protein Information      | lactotransferrin; talalactoferrin; neutrophil lactoferrin; growth-inhibiting protein 12; epididymis luminal protein 110 |
| UniProt Protein Name          | Lactotransferrin                                                                                                        |
| UniProt Gene Name             | <b>LTF</b>                                                                                                              |
| UniProt Synonym Gene Names    | GIG12; LF; Lactoferrin; Lfcin-H                                                                                         |
| UniProt Entry Name            | TRFL_HUMAN                                                                                                              |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
