

## Rabbit Growth Differentiation Factor 2 ELISA Kit | GDF2 elisa kit

Rabbit Growth Differentiation Factor 2 ELISA Kit

|                              |                             |
|------------------------------|-----------------------------|
| CATALOG #<br><b>AAA83509</b> | REACTIVITY<br><b>Rabbit</b> |
|------------------------------|-----------------------------|

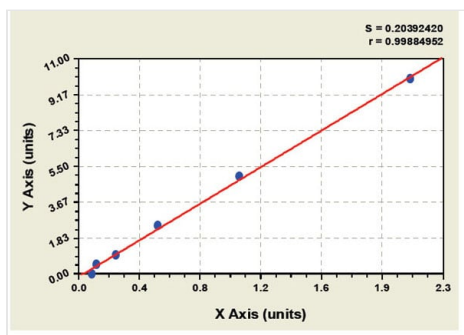

### PRODUCT SYNONYMS

Growth Differentiation Factor 2; Rabbit Growth Differentiation Factor 2 ELISA Kit; GDF2 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                            |
|-------------------------|----------------------------------------------------------------------------|
| Reactivity              | Rabbit                                                                     |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type              | Competitive                                                                |
| Detection Range         | 50-1000pg/mL                                                               |
| Sensitivity             | 1.0pg/mL                                                                   |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                        |

### ADDITIONAL INFORMATION

|                                              |        |
|----------------------------------------------|--------|
| Product Categories/Family for GDF2 elisa kit | Cancer |
|----------------------------------------------|--------|

### NCBI AND UNIPROT INFORMATION

|                           |                                               |
|---------------------------|-----------------------------------------------|
| NCBI GI #                 | 7705308                                       |
| NCBI GeneID               | 2658                                          |
| NCBI Accession #          | NP_057288.1                                   |
| NCBI GenBank Nucleotide # | NM_016204.2                                   |
| Molecular Weight          | 47,320 Da                                     |
| NCBI Official Full Name   | growth/differentiation factor 2 preproprotein |

|                                  |                                                                      |
|----------------------------------|----------------------------------------------------------------------|
| NCBI Official Synonym Full Names | growth differentiation factor 2                                      |
| NCBI Official Symbol             | GDF2                                                                 |
| NCBI Official Synonym Symbols    | BMP9; HHT5; BMP-9                                                    |
| NCBI Protein Information         | growth/differentiation factor 2; GDF-2; bone morphogenetic protein 9 |
| UniProt Protein Name             | Growth/differentiation factor 2                                      |
| UniProt Gene Name                | <b>GDF2</b>                                                          |
| UniProt Synonym Gene Names       | BMP9; GDF-2; BMP-9                                                   |
| UniProt Entry Name               | GDF2_HUMAN                                                           |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
