

Human V Ha Ras Harvey Rat Sarcoma Viral Oncogene Homolog ELISA Kit | HRAS elisa kit

Human V Ha Ras Harvey Rat Sarcoma Viral Oncogene Homolog ELISA Kit

CATALOG # AAA83615	REACTIVITY Human
------------------------------	----------------------------

PRODUCT SYNONYMS

V Ha Ras Harvey Rat Sarcoma Viral Oncogene Homolog; Human V Ha Ras Harvey Rat Sarcoma Viral Oncogene Homolog ELISA Kit; HRAS elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Human
Samples	Serum, plasma, cell culture supernatants, body fluid and tissue homogenate
Assay Type	Quantitative Competitive
Sensitivity	0.1 ng/mL.
Preparation and Storage	Store all reagents at 2-8 degree C.

ADDITIONAL INFORMATION

Related Product Information for HRAS elisa kit	Intended Uses: This HRAS ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Human HRAS. This ELISA kit for research use only! Principle of the Assay: HRAS ELISA kit applies the competitive enzyme immunoassay technique utilizing a polyclonal anti-HRAS antibody and an HRAS-HRP conjugate. The assay sample and buffer are incubated together with HRAS-HRP conjugate in pre-coated plate for one hour. After the incubation period, the wells are decanted and washed five times. The wells are then incubated with a substrate for HRP enzyme. The product of the enzyme-substrate reaction forms a blue colored complex. Finally, a stop solution is added to stop the reaction, which will then turn the solution yellow. The intensity of color is measured spectrophotometrically at 450nm in a microplate reader. The intensity of the color is inversely proportional to the HRAS concentration since HRAS from samples and HRAS-HRP conjugate compete for the anti-HRAS antibody binding site. Since the number of sites is limited, as more sites are occupied by HRAS from the sample, fewer sites are left to bind HRAS-HRP conjugate. A standard curve is plotted relating the intensity of the color (O.D.) to the concentration of standards. The HRAS concentration in each sample is interpolated from this standard curve.
