

## Human Galectin 2 ELISA Kit | GAL2 elisa kit

Human Galectin 2 ELISA Kit

CATALOG #  
**AAA83662**

REACTIVITY  
**Human**

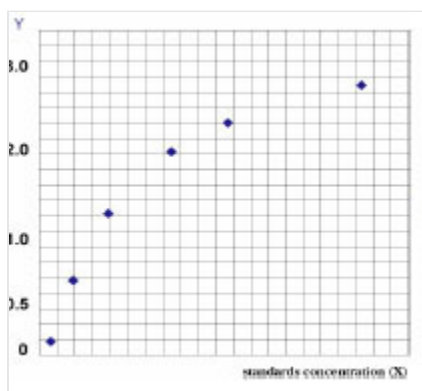

### PRODUCT SYNONYMS

Galectin 2; Human Galectin 2 ELISA Kit; GAL2 elisa kit

### PRODUCT SPECIFICATIONS

|                            |                                                                            |
|----------------------------|----------------------------------------------------------------------------|
| Reactivity                 | Human                                                                      |
| Samples                    | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type                 | Competitive or Sandwich                                                    |
| Detection Range            | 1.0-25ng/mL                                                                |
| Sensitivity                | 0.1ng/mL                                                                   |
| Highest Standards          | 25ng/mL                                                                    |
| Concentration of Standards | Concentration of Standards                                                 |
| Preparation and Storage    | Store all reagents at 2-8 degree C.                                        |

### NCBI AND UNIPROT INFORMATION

|                  |             |
|------------------|-------------|
| NCBI GI #        | 5729903     |
| NCBI GeneID      | 3957        |
| NCBI Accession # | NP_006489.1 |

|                                  |                                                                                                                  |
|----------------------------------|------------------------------------------------------------------------------------------------------------------|
| NCBI GenBank Nucleotide #        | <a href="#">NM_006498.2</a>                                                                                      |
| Molecular Weight                 | 14,644 Da                                                                                                        |
| NCBI Official Full Name          | galectin-2                                                                                                       |
| NCBI Official Synonym Full Names | lectin, galactoside-binding, soluble, 2                                                                          |
| NCBI Official Symbol             | LGALS2                                                                                                           |
| NCBI Official Synonym Symbols    | HL14                                                                                                             |
| NCBI Protein Information         | galectin-2; gal-2; galectin 2; S-Lac lectin 2; lactose-binding lectin 2; beta-galactoside-binding lectin L-14-II |
| UniProt Protein Name             | Galectin-2                                                                                                       |
| UniProt Gene Name                | <b>LGALS2</b>                                                                                                    |
| UniProt Synonym Gene Names       | Gal-2                                                                                                            |
| UniProt Entry Name               | LEG2_HUMAN                                                                                                       |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
