

## Rat 26S proteasome ELISA Kit | 26S PSM elisa kit

Rat 26S proteasome ELISA Kit

CATALOG #  
**AAA84605**

REACTIVITY  
**Rat**

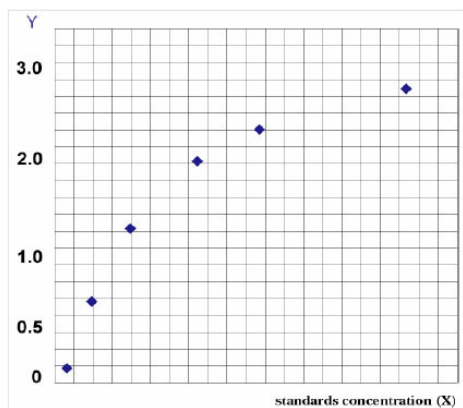

### PRODUCT SYNONYMS

26S proteasome; Rat 26S proteasome ELISA Kit; 26S PSM elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                            |
|-------------------------|----------------------------------------------------------------------------|
| Reactivity              | Rat                                                                        |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type              | Competitive                                                                |
| Detection Range         | 5.0-100 ng/mL                                                              |
| Sensitivity             | 1.0ng/ml                                                                   |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                        |

### NCBI AND UNIPROT INFORMATION

|                         |                  |
|-------------------------|------------------|
| NCBI GI #               | 284091260        |
| NCBI GeneID             | 8850219          |
| Molecular Weight        | 34,833 Da        |
| NCBI Official Full Name | 26S proteasome   |
| NCBI Official Symbol    | NAEGRDRAFT_39105 |

|                          |                |
|--------------------------|----------------|
| NCBI Protein Information | 26S proteasome |
| UniProt Protein Name     | 26S proteasome |
| UniProt Entry Name       | D2VEL9_NAEGR   |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
