

## Human Gastrin relasing peptide ELISA Kit | GRP elisa kit

Human Gastrin relasing peptide ELISA Kit

CATALOG #  
**AAA85150**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

Gastrin relasing peptide; Human Gastrin relasing peptide ELISA Kit; GRP elisa kit

### PRODUCT SPECIFICATIONS

|                            |                                                                            |
|----------------------------|----------------------------------------------------------------------------|
| Reactivity                 | Human                                                                      |
| Samples                    | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type                 | Competitive                                                                |
| Detection Range            | 5.0-100ng/mL                                                               |
| Sensitivity                | 1.0ng/mL                                                                   |
| Highest Standards          | 100 ng/mL                                                                  |
| Concentration of Standards | Concentration of Standards                                                 |
| Preparation and Storage    | Store all reagents at 2-8 degree C.                                        |

| NCBI GI #        | <a href="#">31542860</a>    |
| NCBI GeneID      | <a href="#">2922</a>        |
| NCBI Accession # | <a href="#">NP_002082.2</a> |

|                                  |                                                                                                 |
|----------------------------------|-------------------------------------------------------------------------------------------------|
| NCBI GenBank Nucleotide #        | <a href="#">NM_002091.3</a>                                                                     |
| Molecular Weight                 | 15,533 Da                                                                                       |
| NCBI Official Full Name          | gastrin-releasing peptide isoform 1 preproprotein                                               |
| NCBI Official Synonym Full Names | gastrin-releasing peptide                                                                       |
| NCBI Official Symbol             | GRP                                                                                             |
| NCBI Official Synonym Symbols    | BN; GRP-10; proGRP; preproGRP                                                                   |
| NCBI Protein Information         | gastrin-releasing peptide; bombesin; prepro-GRP; neuromedin C; pre-progastrin releasing peptide |
| UniProt Protein Name             | Gastrin-releasing peptide                                                                       |
| UniProt Gene Name                | <b>GRP</b>                                                                                      |
| UniProt Synonym Gene Names       | GRP                                                                                             |
| UniProt Entry Name               | GRP_HUMAN                                                                                       |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
