

## Porcine Nerve Growth Factor ELISA Kit | NGF elisa kit

Porcine Nerve Growth Factor ELISA Kit

|                              |                              |
|------------------------------|------------------------------|
| CATALOG #<br><b>AAA85698</b> | REACTIVITY<br><b>Porcine</b> |
|------------------------------|------------------------------|

### PRODUCT SYNONYMS

Nerve Growth Factor; Porcine Nerve Growth Factor ELISA Kit; NGF elisa kit

### PRODUCT SPECIFICATIONS

|                            |                                                                            |
|----------------------------|----------------------------------------------------------------------------|
| Reactivity                 | Porcine                                                                    |
| Samples                    | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Detection Range            | 250-5000pg/mL                                                              |
| Sensitivity                | 1.0pg/mL                                                                   |
| Highest Standards          | 5000 pg/mL                                                                 |
| Concentration of Standards | Concentration of Standards                                                 |
| Preparation and Storage    | Store all reagents at 2-8 degree C.                                        |

### ADDITIONAL INFORMATION

|                                             |              |
|---------------------------------------------|--------------|
| Product Categories/Family for NGF elisa kit | Neurobiology |
|---------------------------------------------|--------------|

### NCBI AND UNIPROT INFORMATION

|                                  |                                        |
|----------------------------------|----------------------------------------|
| NCBI GI #                        | 34192369                               |
| NCBI GeneID                      | 4803                                   |
| Molecular Weight                 | 26,959 Da                              |
| NCBI Official Full Name          | NGF protein, partial                   |
| NCBI Official Synonym Full Names | nerve growth factor (beta polypeptide) |

|                               |                                                             |
|-------------------------------|-------------------------------------------------------------|
| NCBI Official Symbol          | NGF                                                         |
| NCBI Official Synonym Symbols | NGFB; HSAN5; Beta-NGF                                       |
| NCBI Protein Information      | beta-nerve growth factor; nerve growth factor, beta subunit |
| UniProt Protein Name          | Beta-nerve growth factor                                    |
| UniProt Gene Name             | <b>NGF</b>                                                  |
| UniProt Synonym Gene Names    | NGFB; Beta-NGF                                              |
| UniProt Entry Name            | NGF_HUMAN                                                   |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
