

## Mouse Cholecystokinin ELISA Kit | CCK elisa kit

Mouse Cholecystokinin ELISA Kit

|                              |                            |
|------------------------------|----------------------------|
| CATALOG #<br><b>AAA85794</b> | REACTIVITY<br><b>Mouse</b> |
|------------------------------|----------------------------|

### PRODUCT SYNONYMS

Cholecystokinin; Mouse Cholecystokinin ELISA Kit; CCK elisa kit

### PRODUCT SPECIFICATIONS

|                            |                                                                            |
|----------------------------|----------------------------------------------------------------------------|
| Reactivity                 | Mouse                                                                      |
| Samples                    | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type                 | Competitive                                                                |
| Detection Range            | 5.0-100ng/mL                                                               |
| Sensitivity                | 1.0ng/mL                                                                   |
| Highest Standards          | 100 ng/mL                                                                  |
| Concentration of Standards | Concentration of Standards                                                 |
| Preparation and Storage    | Store all reagents at 2-8 degree C.                                        |

### ADDITIONAL INFORMATION

|                                             |                     |
|---------------------------------------------|---------------------|
| Product Categories/Family for CCK elisa kit | Signal Transduction |
|---------------------------------------------|---------------------|

### NCBI AND UNIPROT INFORMATION

|                                  |                 |
|----------------------------------|-----------------|
| NCBI GI #                        | 179996          |
| NCBI GeneID                      | 885             |
| Molecular Weight                 | 12,669 Da       |
| NCBI Official Full Name          | cholecystokinin |
| NCBI Official Synonym Full Names | cholecystokinin |
| NCBI Official Symbol             | CCK             |

|                            |                                                                               |
|----------------------------|-------------------------------------------------------------------------------|
| NCBI Protein Information   | cholecystokinin; prepro-cholecystokinin; cholecystokinin triacontatriapeptide |
| UniProt Protein Name       | Cholecystokinin                                                               |
| UniProt Gene Name          | CCK                                                                           |
| UniProt Synonym Gene Names | CCK; CCK58; CCK39; CCK33; CCK25; CCK18; CCK12; CCK8; CCK7; CCK5               |
| UniProt Entry Name         | CCKN_HUMAN                                                                    |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
