

Guinea Pig Transforming Growth Factor Beta 3 ELISA Kit | TGFb3 elisa kit

Guinea Pig Transforming Growth Factor Beta 3 ELISA Kit

CATALOG #
AAA86993

REACTIVITY
Guinea Pig

PRODUCT SYNONYMS

Transforming Growth Factor Beta 3; Guinea Pig Transforming Growth Factor Beta 3 ELISA Kit; TGFb3 elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Guinea Pig
Assay Type	Competitive or Sandwich
Samples	Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate
Sensitivity	1.0 pg/mL.
Intended Uses	This TGFb3 ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Guinea Pig TGFb3. This ELISA kit for research use only, not for therapeutic applications!
Preparation and Storage	Store all reagents at 2-8 degree C

ADDITIONAL INFORMATION

Related Product Information for TGFb3 elisa kit

Principle of the Assay: TGFb3 ELISA kit applies the quantitative sandwich enzyme immunoassay technique. The microtiter plate has been pre-coated with a monoclonal antibody specific for Pig TGFb3. Standards or samples are then added to the microtiter plate wells and TGFb3 if present, will bind to the antibody pre-coated wells. In order to quantitatively determine the amount of TGFb3 present in the sample, a standardized preparation of horseradish peroxidase (HRP) -conjugated polyclonal antibody, specific for TGFb3 are added to each well to "sandwich" the TGFb3 immobilized on the plate. The microtiter plate undergoes incubation, and then the wells are thoroughly washed to remove all unbound components. Next, substrate solutions are added to each well. The enzyme (HRP) and substrate are allowed to react over a short incubation period. Only those wells that contain TGFb3 and enzyme-conjugated antibody will exhibit a change in color. The enzyme-substrate reaction is terminated by addition of a sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450 nm. A standard curve is plotted relating the intensity of the color (O.D.) to the concentration of standards. The TGFb3 concentration in each sample is interpolated from this standard curve.

NCBI AND UNIPROT INFORMATION

NCBI GI #	296482901
NCBI GeneID	538957
NCBI Official Full Name	transforming growth factor beta-3
NCBI Official Synonym Full Names	transforming growth factor, beta 3
NCBI Official Symbol	TGFB3
NCBI Protein Information	transforming growth factor beta-3

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
